<sup>a</sup> Census status: "√" — taken; "□" — scheduled; "-" — not scheduled or no information.

<sup>b</sup> For countries conducting more than one census per round, only the first conducted census is listed.

<sup>c</sup> The source of the population count is the census data collection of the United Nations Demographic Yearbook. Data refer to de facto population count; where that is not available, de jure population count is presented.

<sup>d</sup> Provisional results.

<sup>e</sup> Data refer to the former Sudan.

<sup>f</sup> Population count compiled from registers. Countries using continuous population registers are listed with the reference date for population statistics as reported to the United Nations.
