

Millenium Development Goals Indicators

Welcome

Welcome to the archive of the official MDG Indicators website.

We are currently migrating the content of the MDG Indicators website here and the content will be available soon.

This site will present the official data, definitions, methodologies and sources for more than 60 indicators to measure progress towards the Millennium Development Goals. The data and analyses are the product of the work of the Inter-agency and Expert Group (IAEG) on MDG Indicators, coordinated by the United Nations Statistics Division. You will also find the official progress reports and documents produced by IAEG.
