Alignment of National, Regional and Global Reporting

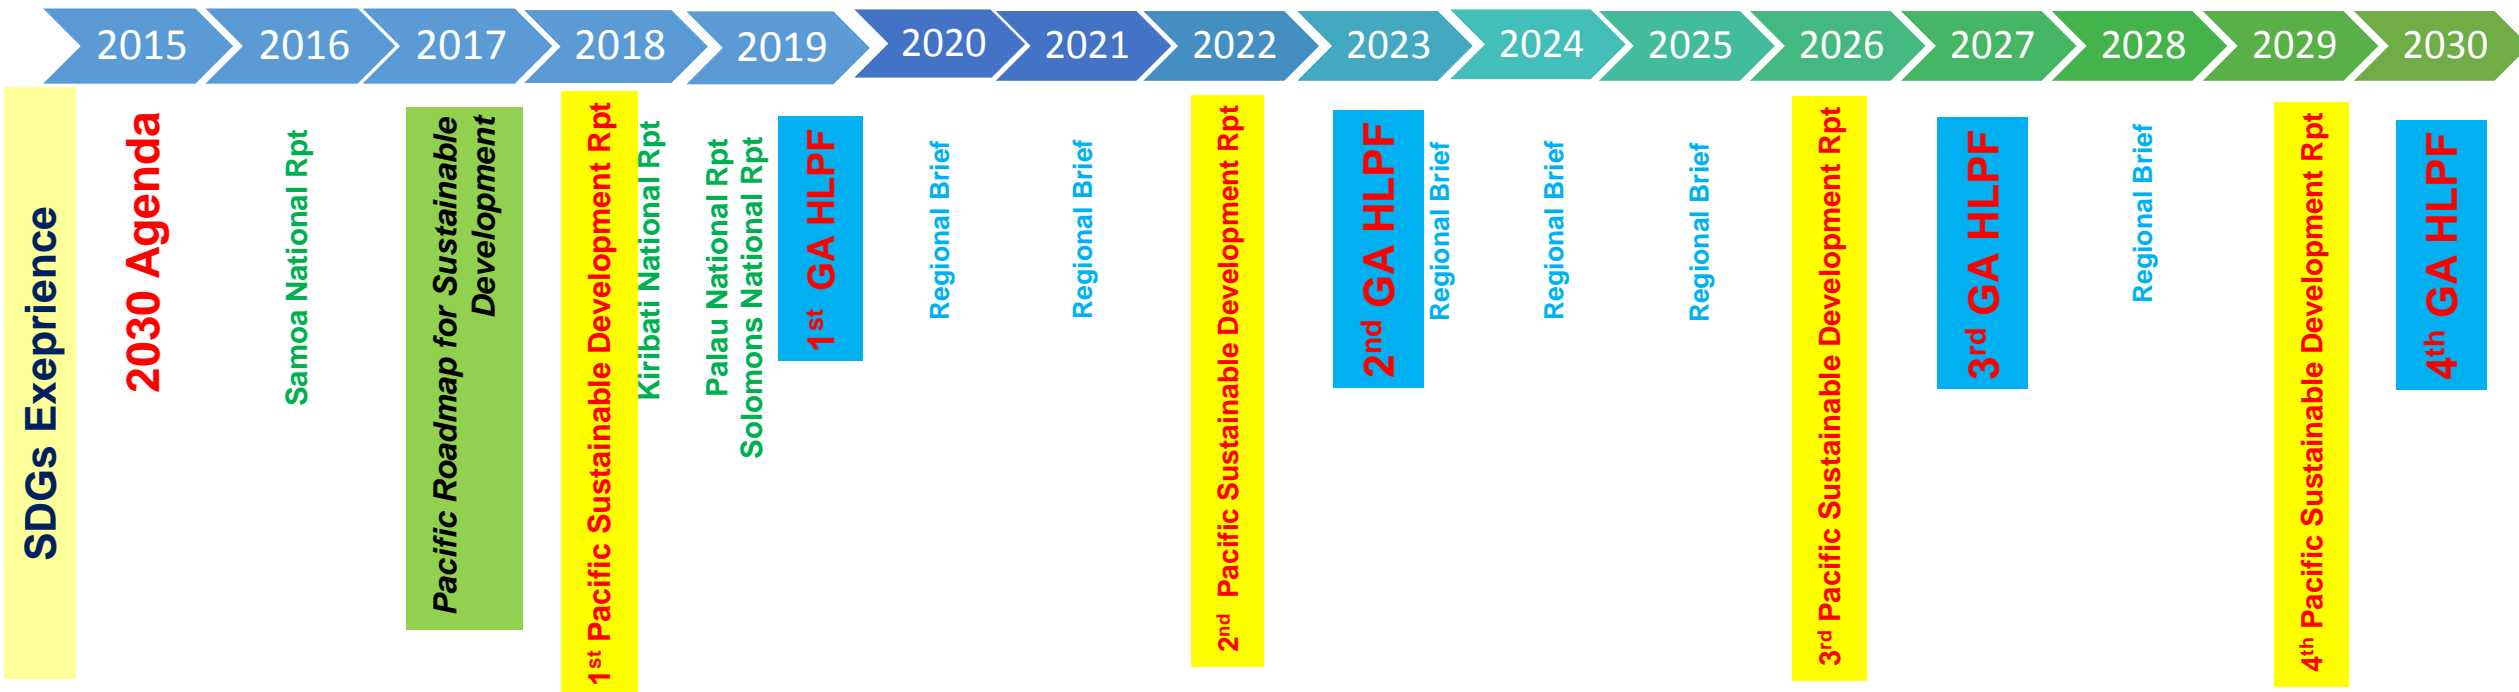

Countries are encouraged to:

- align scheduling of their National Voluntary Reviews on SDGs to the HLPF with their national plan reviews to reduce reporting; and
- consider a peer review of their National Voluntary reports on SDGs similar to the Forum Compact review process but

A four-yearly Pacific Report on Sustainable Development to Pacific Leaders. Consolidates reporting against the 2030 Agenda/SDGs, SAMOA Pathway, the FPR and the Pacific Leaders Gender Equality Declaration (PLGED);

- informed by and complement national reporting, and bring together reporting on global commitments and processes, including: the *PLGED*, the *Paris Agreement on Climate Change*, *AAAA on Financing for Development*, the *Sendai Framework for Disaster Risk Reduction*, and the *Global Partnership for Effective Development Cooperation*.
- Will replace previous Forum Compact parallel reports on the MDGs and development effectiveness;

The Pacific's report will feed into the global and Asia-Pacific regional themes and processes.
