INTERINSTITUTIONAL HIGH LEVEL POLITICAL COMMISSION FOR SUSTAINABLE DEVELOPMENT

ORGANIZATIONAL STRUCTURE

ORGANIZATION AND GOVERNANCE SCHEME INTERINSTITUTIONAL COMMITTEE OF INDICATORS

INTERNAL REGULATIONS INTERINSTITUTIONAL COMMITTEE FOR SUSTAINABLE DEVELOPMENT

CHAPTER IV THE INTERINSTITUTIONAL INDICATORS COMMITTEE

ARTICLE 33.- The Interinstitutional Indicators Committee is hereby established, which will be chaired by the National Statistics Office and made up of technicians from the Ministry of Economy, Planning and Development, and at least, one of the public governing bodies jointly determined for this purpose, by the National Coordinator and the Direction of the National Statistics Office.

PARAGRAPH: The appointments by the competent authorities referred to in this article, will be based on selection criteria previously established by the National Coordinator and the National Statistics Office.

ORGANIZATION AND GOVERNANCE SCHEME INTERINSTITUTIONAL COMMITTEE OF INDICATORS

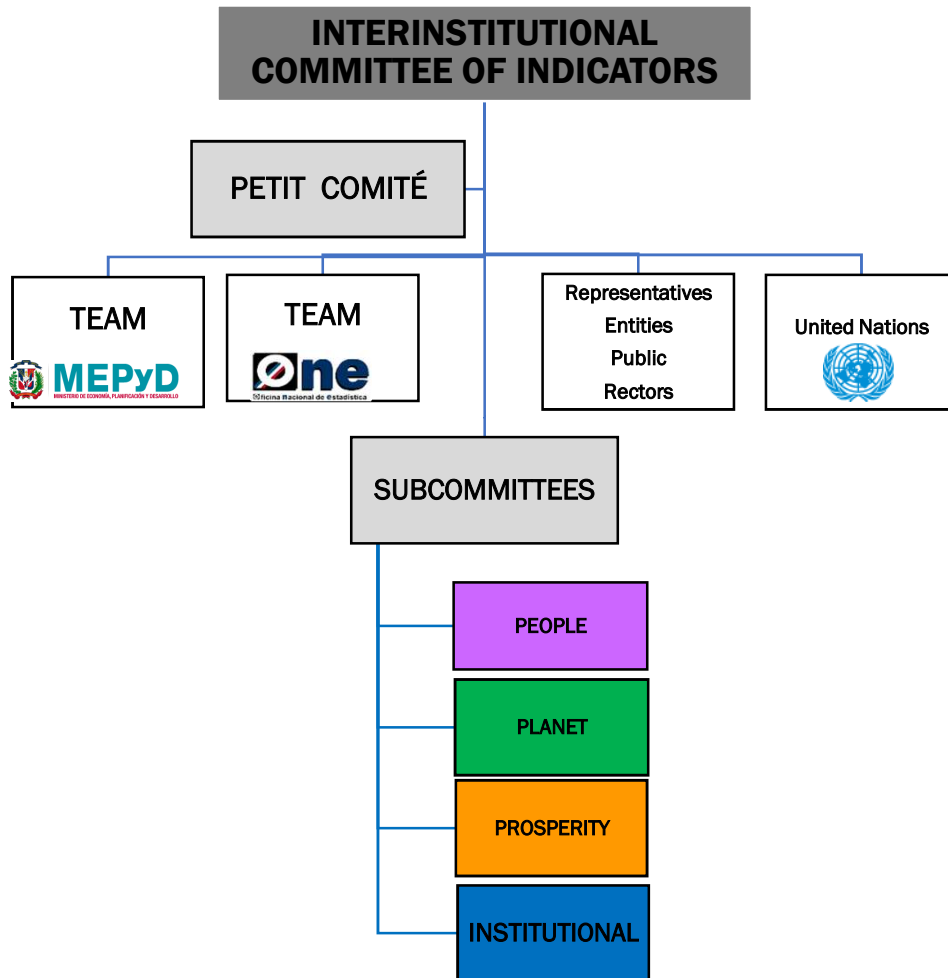

INTERNAL REGULATIONS INTERINSTITUTIONAL COMMITTEE FOR SUSTAINABLE DEVELOPMENT

ARTICLE 34.- Functions

- a) Prepare an Evaluation Report on the Feasibility of Measuring the proposed Indicators at the national level.
- b) To generate and keep updated the Single Matrix of Indicators, including its technical file and the institutional registration system that ensures the quality of the information generated.
- c) To provide statistical development plans to the subcommissions.
- d) To support subcommissions in establishing national targets, and indicators that are not clarified or specified in the global proposal.
- e) To propose a Mapping of SDGs Indicators, their baselines and possible targets for each Subcommission.
- f) To provide the Technical Secretariat with the corresponding official data for the preparation of the different monitoring reports.
- g) To manage, with the support of the national coordination and the Subcommissions, the collection of data from the sources identified as the most appropriate for each institution.
- h) Any other required by the Commission and the Subcommissions for the development of their work plans, related to the technical expertise of the members of the Committee.

ORGANIZATION AND GOVERNANCE SCHEME INTERINSTITUTIONAL COMMITTEE OF INDICATORS

• INTERINSTITUTIONAL COMMITTEE OF INDICATORS

- Director of ONE, President.
- Vice-President, in her capacity as Coordinator of the Cabinet for the Coordination of Social Policies, Member
- Minister for Economic Affairs, Planning and Development, Member
- Minister of the Presidency, Member
- Minister for the Environment and Natural Resources, Member
- Minister for Industry and Trade, Member
- United Nations System, Adviser.

• ONE Team Integration

- SDGs Coordinator
- Director of Continuous Statistics
- Director of Censuses and Surveys
- SEN Articulation Coordinator
- IT Manager
- Gender Statistics Officer
- ICT Manager

• Subcomisiones

- One representative of the SDGs-ONE Coordination for each Subcommittee of the High Level National Commission for Sustainable Development.

INTEGRATION ACT INTERINSTITUTIONAL INDICATORS COMMITTEE 2018

The Director of the National Office of Statistics, who chairs it

The Minister of Scouting, Planning and Development, in his capacity as National Coordinator of the High-Level Inter-Agency Commission for Sustainable Development

The Vice-President of the Republic, in her capacity as Coordinator of the Cabinet for the Coordination of Social Policies and of the Subcommittee People

The Minister of the Presidency, in his capacity as National Coordinator of the Institutional Subcommittee

The Minister of Industry, Trade and MSMEs as National Coordinator of the Prosperity Subcommittee

The Minister of Environment and Natural Resources as National Coordinator of the Planet Subcommittee

The Director of the Coordination of the National Statistical System

The National Coordinator of the United Nations Development Programme, as consultant and/or technical support for the implementation of Agenda 2030.

SDG DATA INNOVATION LABORATORY

Approach

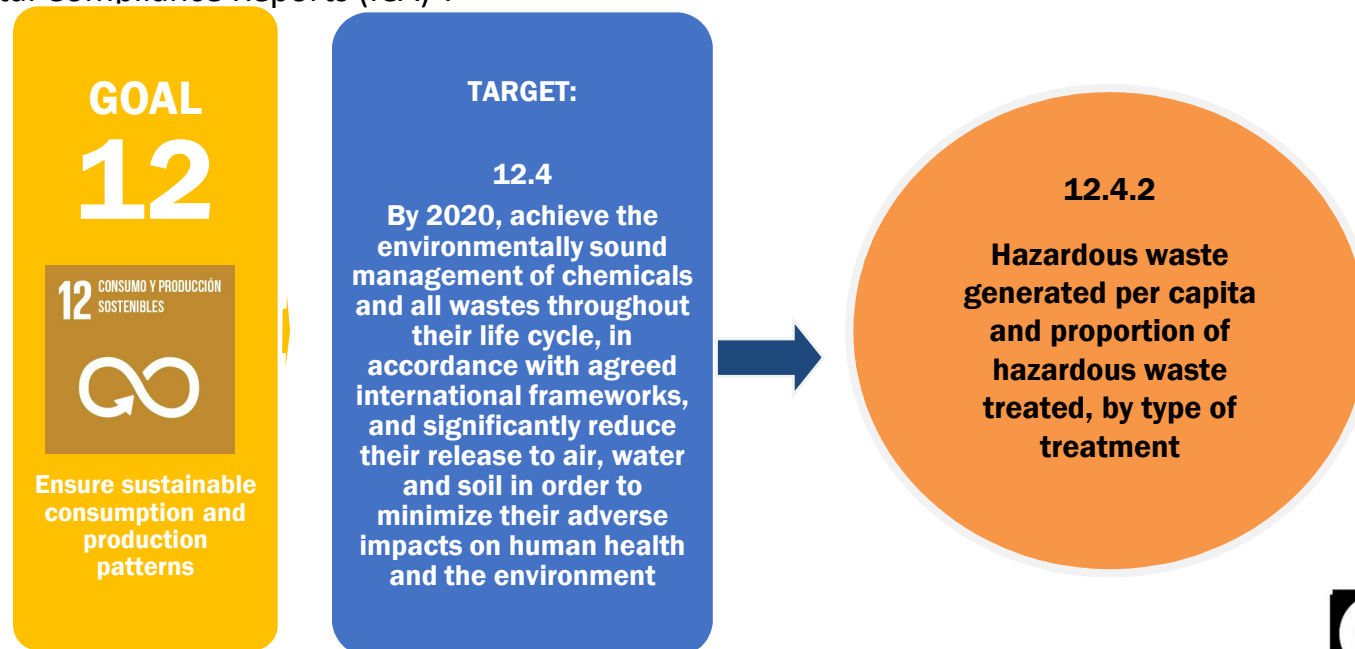

SDG DATA INNOVATION LABORATORY

IDENTIFICATION OF THE INDICATOR, STATUS OF SOURCES AND KEY ACTORS

The technical team of the Interinstitutional Committee of Indicators formed by the National Statistical Office (NSO), the Ministry of Economy, Planning and Development and the United Nations, carried out the purification and selection of the indicator according to the Single Indicator Matrix and which would eventually be the object of this initiative.

This final selection was made based on the results of the source identification reports for the preselected indicator, and additionally a decrease made by the NSO technicians to the facilities of the Ministry of Environment, in order to obtain additional information on the data generated specifically for the source “Environmental Compliance Reports (ICA)”.

Indicator Selection

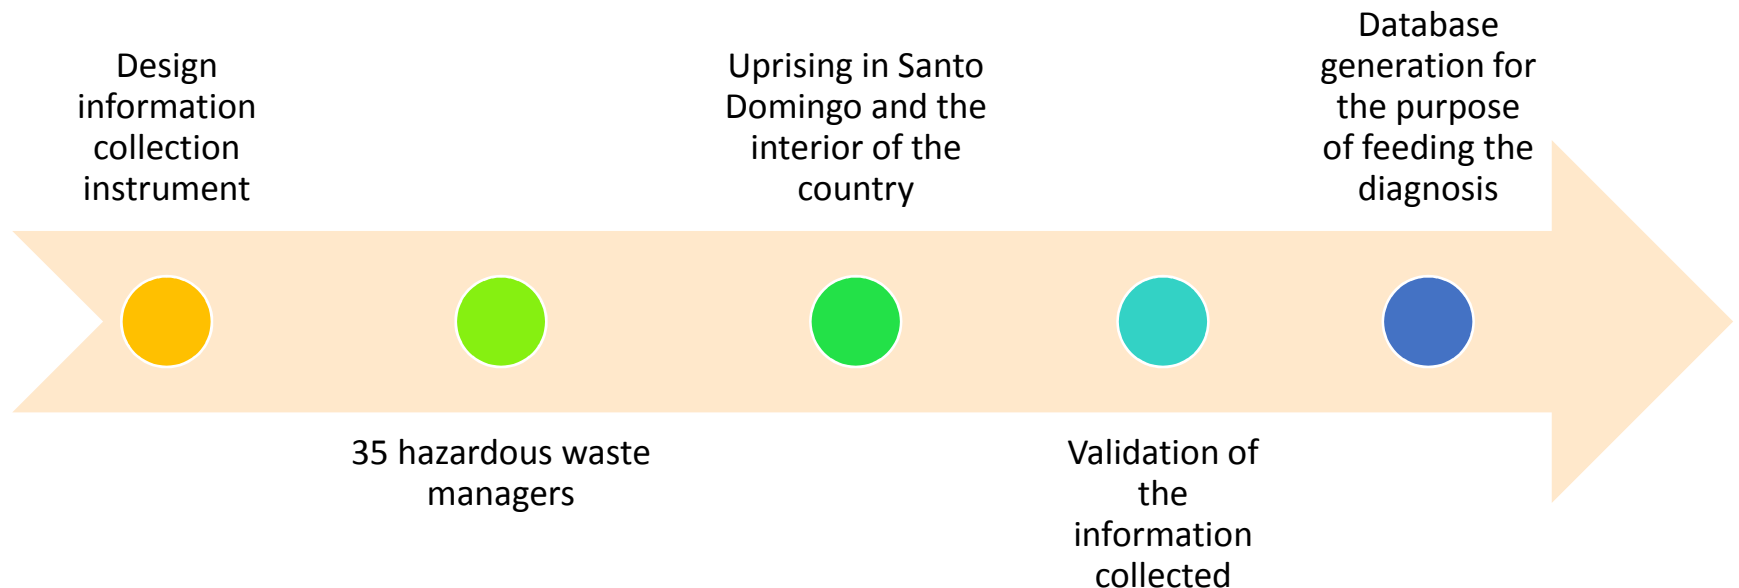

SDG DATA INNOVATION LABORATORY

PROBLEM IDENTIFICATION AND CHALLENGES

Making a diagnosis that allowed to know in depth the situation of data on hazardous waste at the national level, was of vital relevance for the purposes of the project and it would finally serve as a basis for the definition of the critical route to follow not only throughout the implementation of the Data Laboratory, but for the approach of improvements to the indicator production process

Survey of source status

SDG DATA INNOVATION LABORATORY

IMPLEMENTACIÓN DE LA INNOVACIÓN.

National School of Statistics (ENE)

Instruct technicians in the procedures for the information extraction process; teach the use and application of the extraction form; Deepen knowledge about hazardous wastes and perform real practical exercises from the ICAS.

Training and extraction of ICA information

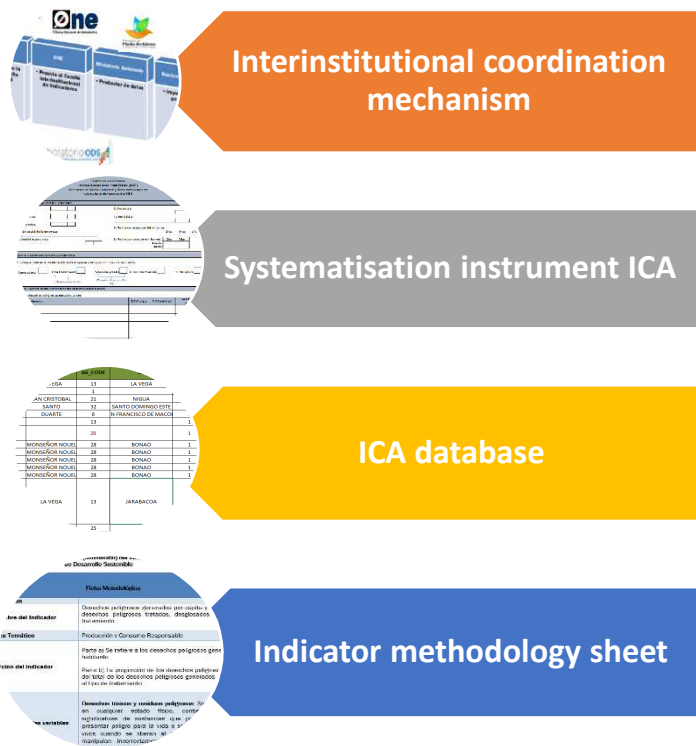

And test of the data extraction form

SDG Data Innovation Laboratory Final Report

Results

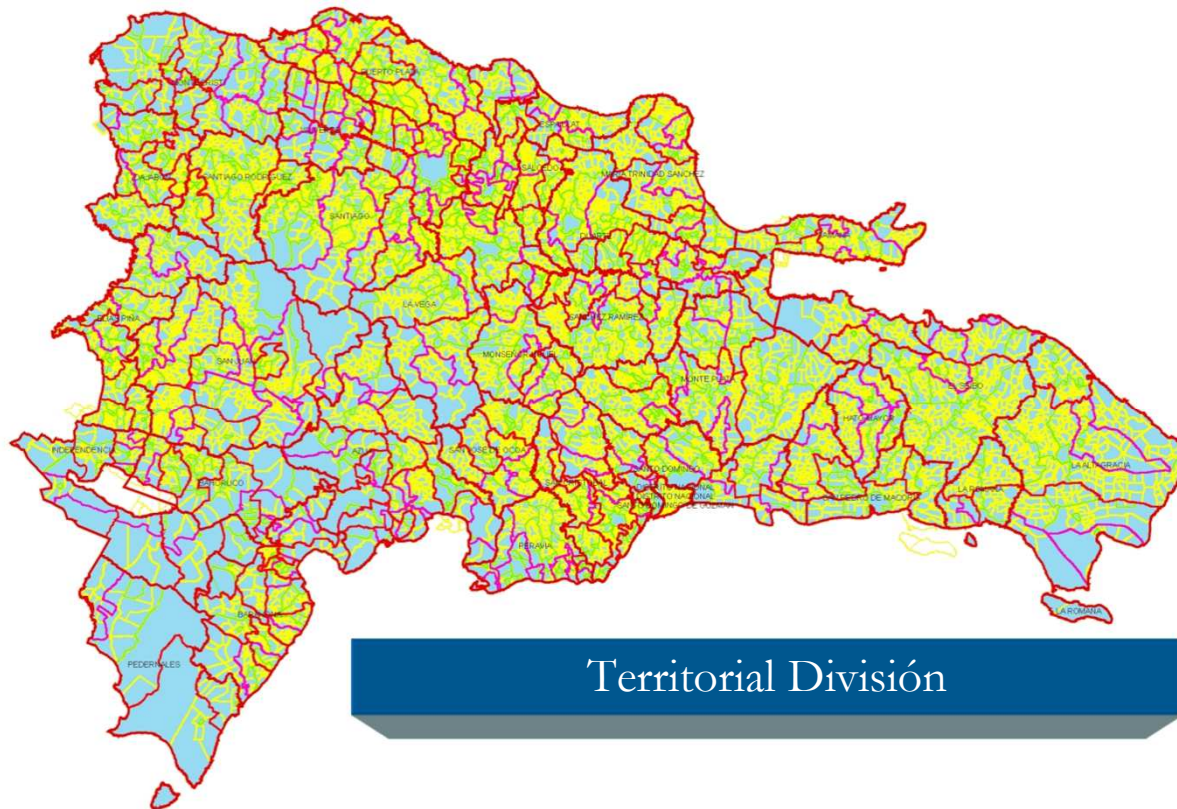

Harmful waste generated per capita. By 2016.

Preliminary Results	Harmful waste generated. In kg	Estimated population	Harmful waste generated per capita (kg/person)
		2,478,278,697.89	10,075,045.00

Harmful waste treated. By 2016.		
Hazardous waste generated	Hazardous wastes treated	Percentage of hazardous wastes treated
3,311	355	10.72
