UNDP SDG 16 CUSTODIAN INDICATORS

Survey-Based

16.3.3

Access to dispute resolution mechanisms

Measures accessibility of justice institutions and mechanisms (formal and informal) for civil matters

New!

With OECD and UNODC

16.6.2

Satisfaction with public services

Measures levels of public satisfaction with last experience of public services, in the three areas of healthcare, education and government services (i.e. IDs and civil registration)

16.7.2

Inclusive and responsive decision-making

Measures the extent to which people believe that the government will listen to, and act on, the opinions of citizens

SDG 16 Survey Initiative

- "SDG 16 Survey Module" by UNDP, UNODC and OHCHR: to integrate survey modules in on-going household surveys
- Nine SDG 16 indicators draw on population surveys
- Population surveys = good data source: high data quality, disaggregation
- Challenge for NSOs: regular implementation comes with high costs
