

Capacity building Danish/Nordic Approach

Brief Background

- More than 20 years of experience
- Cooperation, capacity building and knowledge transfer with National Statistics Institutes ‘all over’ the world.
- Worked in the Balkans, Caucasus, Middle East, Asia, Africa

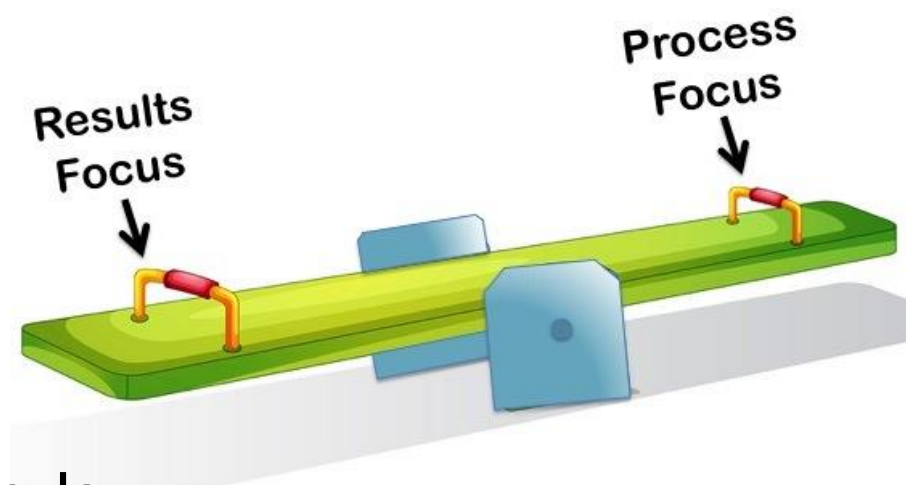

Why cooperate?

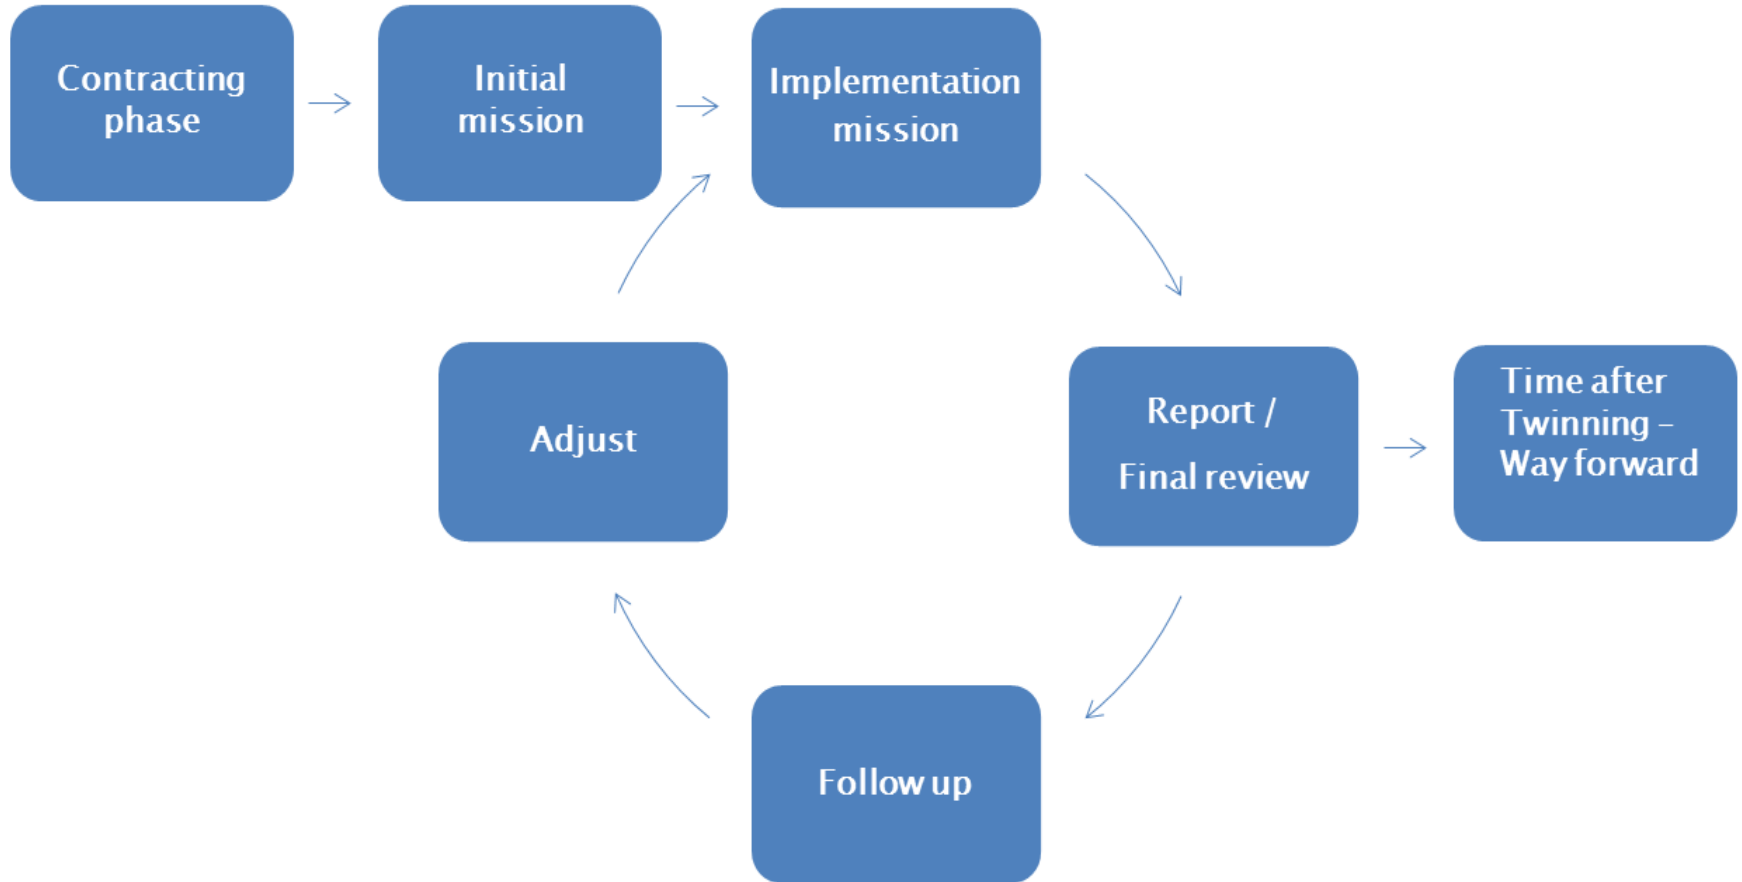

Our Project Model

The projects:

- Are based on NSIs own needs
- Pair two NSIs (and partners) - Twinning
- Run for a longer period
- Provide exchange of experience, hands-on training and practical advice
- Peer-to-peer approach
- Focus on lasting results
