1. Manufacturing services on physical inputs owned by others						
1	<i>Manufacturing services on physical inputs owned by others</i>	Manufacturing services on physical inputs owned by others includes activities such as processing, assembly, labelling and packing that are undertaken by enterprises that do not own the goods. Examples include oil refining, liquefaction	88	<i>Manufacturing services on physical inputs owned by others</i>	The services included in division 88 are performed on physical inputs owned by units other than the units providing the service. As such, services in Division 88 are characterized as outsourced portions of a manufacturing process or a complete outsourced	

of natural gas and assembly of clothing and electronics. Excluded are the assembly of prefabricated construction (included in construction) and labelling, and packing incidental to transport (included in transport services). (MSITS 2010, para. 3.66)

892 *Moulding, pressing, stamping, extruding and similar plastic manufacturing services* 89200 This subclass includes:

- manufacturing services of plastic parts by plasticization processes (whether or not including reinforcing elements of glass fibre, carbon fibre or similar materials) or by working on hard plastics for third parties in accordance with their specifications

The resulting intermediate plastic products are typically not identifiable in the Harmonized Commodity Description and Coding System based on their future use and include:

- * moulded or heat-moulded parts of thermoplastic or thermosetting materials
- * parts of cellular, stratified or reinforced plastic materials
- * moulded plastic parts with fibre core
- * plastic parts, rolled, calendered, extruded etc.

This subclass also includes:

- vacuum plating of plastic objects

893 *Casting, forging, stamping and similar metal manufacturing services*

89310 This subclass includes:

- casting services of malleable cast iron
- casting services of spheroidal cast iron

- casting services of grey cast iron
- casting services of steel

The resulting intermediate iron and steel casting products are typically not identifiable in the Harmonized Commodity Description and Coding System based on their future use.

89320 This subclass includes:

- casting services of light metals
- casting services of other non-ferrous metals

The resulting intermediate casting products are typically not

identifiable in the Harmonized Commodity Description and Coding System based on their future use.

89330 This subclass includes:

- metal forging services
- cold extrusion or roll-forming services
- non-ferrous metal stamping services, from drawings
- metal roll-forming services
- cutting and stamping, from drawings
- manufacturing services of metal objects, directly from metal powders, by heat treatment (sintering) or pressure

The resulting intermediate metal products are typically not identifiable in the Harmonized Commodity Description and Coding System based on their future use.

854 *Packaging services* 85400 This subclass includes:

- packaging of goods for others, such as food products, pharmaceuticals, household cleaners, toilet preparations and hardware, using a variety of automated or manual packaging techniques, including blister forming and packaging, shrink or skin wrapping, form filling and sealing, pouch filling, bottling and aerosol packaging. This service may also include the labelling or imprinting of the package.
- parcel packing and gift wrapping
- coin and currency packing services

This subclass does not include:

- packing and crating services incidental to transport, cf. 64-67
- package design services, cf. 83919
- solely printing information on packaging materials, cf. 89121
- packaging services that include processing of client-owned materials into a different product (e.g., mixing water and concentrate to produce soft drinks, cooking fish prior to canning, blending creams and colouring materials into cosmetics), cf. 88 and 89

This subclass does not include:
- urban gas or water distribution systems through mains, cf. 53251

53242 This subclass includes:
- long-distance overland, underground or submarine telecommunication transmission lines
- long-distance high tension electric power transmission lines (cables)
- long-distance electricity power lines for railways
- transformer stations, pylons

This subclass does not include:
- low-tension electric power distribution lines, cf. 53252

53251 This subclass includes:
- local gas pipelines and water and sewer mains
- local hot-water and steam pipelines

53252 This subclass includes:
- local electricity transmission cables
- local communication transmission cables, including television cables
- ancillary works such as:
* transformer stations and substations for distribution within local boundaries
* transmission towers including antennas

53253 This subclass includes:
- sewer systems
- sewage disposal plants
- water treatment and purification plants

This subclass does not include:
- pipelines and water and sewer mains, cf. 54241 (long-distance) and 54251 (local), respectively

53261 This subclass includes:
- mining and related facilities, other than buildings, such as mine loading and discharging stations, winding-shafts and towers, tunnels and drifts associated with mining operations

53262 This subclass includes:
 - heavy electrical generating plants and equipment, including plants and equipment for nuclear-powered generating stations

53269 This subclass includes:
 - manufacturing facilities of basic chemicals, compounds, pharmaceuticals and other chemicals
 - chemical and related manufacturing facilities such as blast furnaces and coke ovens
 - iron foundries
 - specialized facilities for manufacturing, not elsewhere classified

This subclass does not include:
 - industrial buildings that are not specialized for the manufacture of particular products, cf. 53121

53270 This subclass includes:
 - grounds for sports generally played in open air such as football, baseball, rugby, track and field, tennis, car or bicycle races and horse races
 - recreation installations, e.g., golf courses, beach installations, marinas for pleasure boats
 - public parks and gardens, zoological and botanical gardens

This subclass does not include:
 - indoor sport installations, cf. 53129

53290 This subclass includes:
 - military engineering works, e.g., forts, blockhouses, bunkers, firing ranges, military testing centres, etc.
 - satellite launching sites
 - waste dumps and waste incinerators
 - plants for treating and processing of nuclear material
 - other civil engineering works, n.e.c.

10.3.1.1 *Architectural services*

Architectural services includes transactions related to the design of buildings (MSITS 2010, para. 3.244)

832 *Architectural services, urban and land planning and landscape architectural services*

8321 This class includes:
- advisory and pre-design services
- preparation of designs and construction documents
- plans, studies and other advisory services related to the design of buildings

The architectural services may be provided in a bundle covering all stages of a building project, including the advisory, pre-design and design stages, or they may be provided individually.

8323 This class includes:
- architectural services concerned with the design of the landscape. Landscape architectural services include the provision of designs and construction documents, plans,

studies and other services related to specific landscape projects

83211 This subclass includes:
- provision of advice, studies and reports on architectural matters
- expert witness services in the field of architecture consisting in the provision of testimony before a court or administrative body, by a witness who, by virtue of experience, training, skill or knowledge of architecture, is recognized as being qualified to render an informed opinion on matters relating to that field or subject

This subclass does not include:
- provision of advice, studies and reports on architectural matters done in a bundle with other architectural services for a specific project, cf. according to the type of project in 83212, 83213, 83214

83212 This subclass includes:
- architectural services for:
* single-family residential projects
* multi-family residential projects

83213 This subclass includes:
- architectural services for:
* office building projects
* retail and restaurant projects
* hotels and convention centres
* health care projects
* entertainment, recreational and cultural building projects
* educational building projects
* industrial building projects
* transportation and distribution facility projects
* other non-residential building projects

83214 This subclass includes:
- architectural services that incorporate legal requirements to preserve or restore the historic character of a building

83221 This subclass includes:
- development of plans concerning land use, site selection, control and utilization, road systems and servicing of land with a view to creating and maintaining systematic, coordinated urban development, such as:
* comprehensive urban plans

- * community urban plans
- * element urban plans for specific amenities or objectives such as transportation, utilities, etc.
- feasibility studies
- studies of environmental impact and economic assessments of urban development plans
- urban planning advisory services, such as:
 - * expert witness, policy and programme evaluation

83222 This subclass includes:

- development of plans that describe the long-term objectives of rural areas for the development of infrastructure, housing, industry, commercial, recreational and other facilities
- comprehensive plans covering a large geographical area, for a lengthy time period

83223 This subclass includes:

- providing plans for a construction site, showing the proposed location of buildings, roads, parking lots and other features, for:
 - * residential building projects
 - * non-residential building projects
 - * recreational and open-space projects

83231 This subclass includes:

- provision of advice, studies and reports on landscape architecture matters
- expert witness services in the field of landscape architecture consisting in the provision of testimony before a court or administrative body, by a witness who, by virtue of experience, training, skill or knowledge of landscape architecture, is recognized as being qualified to render an informed opinion on matters relating to that field or subject

This subclass does not include:

- provision of advice, studies and reports on landscape architecture matters done in a bundle with other landscape architectural services for a specific project, cf. 83232

83232 This subclass includes:

- landscape architecture services for:
 - ** residential building projects:

- ** single-family residential projects
- ** multi-family residential projects
- ** residential subdivision projects
- * non-residential building projects:
- ** corporate building projects
- ** hotels, convention centres, stadiums and arenas
- ** educational building projects
- ** health care, penal institutions
- ** other non-residential building projects
- * recreational and open-space projects:
- ** city centres and public squares
- ** non-building recreational facilities, parks and natural areas
- ** transportation corridors
- ** resorts
- ** other recreational and open space projects

This subclass also includes:
 - landscape architecture services related to:
 * preparing and modifying terrain such as land clearing and grading plans, drainage designs, erosion and sediment control designs, retaining wall designs, outdoor sprinkler system plans
 * facilitating access to a site such as lighting plans, signage plans, trail and path plans, accessibility designs

10.3.1.2 *Engineering services*

Engineering services includes the design, development and utilization of machines, materials, instruments, structures, processes and systems. Services of this type involve the provision of designs, plans and studies related to engineering projects. Mining engineering is excluded and included instead in services incidental to mining, and oil and gas extraction (MSITS 2010, para. 3.244)

833 *Engineering services*

This group includes:
 - application of physical laws and principles in the design, development, and utilization of machines, materials, instruments, structures, processes, and systems. Services of this type involve the provision of designs, plans, and stud

10.3.1.3 *Scientific and other technical services*

Scientific and other technical services includes surveying; cartography; product testing and certification; and

8342 *Surface surveying and map-making services*

83421 This subclass includes:
 - gathering of information on the shape, position and/or boundaries of a portion of the earth's surface by different methods, including transit, photogrammetric and

technical inspection services (MSITS 2010, para. 3.244)

hydrographic surveying, for the purpose of preparing maps
- collection of data by satellite
- land surveying services (e.g., marking of property, boundary marking)

83422 This subclass includes:
- preparation and revision of maps of all kinds (e.g., road, cadastral, topographic, planimetric, hydrographic), using the results of survey activities, other maps and other information sources

This subclass does not include:
- publishing of maps, atlases and globes, cf. 32220, 32512, 89110

8343 *Weather forecasting and meteorological services*

83430 This subclass includes:
- providing meteorological analysis of the atmosphere and predicting weather processes and weather conditions

8393 *Scientific and technical consulting services n.e.c.*

83931 This subclass includes:
- environmental assessments, i.e. objective studies undertaken for any one or more of the following purposes: identify whether or not environmental contamination exists at a particular site, and if so determined, the source, nature, and extent of the contamination; assess the risk to public safety and health from environmental contamination associated with a project that is proposed or in place; evaluate the impact on the ecology or economy of environmental changes resulting from human or natural activities
- environmental audits, i.e. independent assessment of the current status of a party's compliance with applicable environmental requirements or of a party's environmental compliance policies, practices and controls
- site remediation planning services, i.e. preparation of plans for the abatement of environmental contamination, usually at a specific site, that incorporate such technical or other requirements as may be prescribed by law or regulation
- evaluation of environmental studies, i.e. provision of analysis that explains the strengths or weaknesses of an environmental study and provides the basis for alternative judgments. The evaluation of environmental studies

may also include an analysis of future responses to environmental regulators

- natural resource management consulting, i.e. provision of objective information, advice, or guidance concerning the best practices for ecologically sustainable development and use of: land; forests; bodies of water; gas, oil, and mineral deposits; wildlife populations and other natural resources

- waste management consulting, i.e. provision of objective information, advice, or guidance concerning the best practices for the minimization, transport, handling, disposal and/or recycling of waste

- environmental policy development consulting, i.e. advising public or private institutions on the design, development and implementation of environmental statutes, regulations, standards, or practices
- other environmental consulting services n.e.c.

83939 This subclass includes:

- scientific consulting services from mathematicians, statisticians, etc.

8344* *Technical testing and analysis services*

83441 This subclass includes:

- testing and analysis of the chemical and biological properties of materials such as air, water, waste (municipal and industrial), fuels, metal, soil, minerals, food and chemicals
- testing and analysis in related scientific fields such as microbiology, biochemistry, bacteriology, etc.

The principal correspondence of this CPC item is with scientific and other technical services (EBOPS 10.3.1.3) since these activities fall outside the boundary of Research and Development (covered in EBOPS 10.1.1

This subclass does not include:

- medical and dental testing services, cf. 93195

Work undertaken on a systematic basis to increase the stock of knowledge). However if there is reasonable evidence that some of these services will ultimately give

83442 This subclass includes:

- testing and analysis of physical properties such as strength, ductility, electrical conductivity or radioactivity of materials such as metals, plastics, textiles, woods, glass, concrete and other materials
- tests for tension, hardness, impact resistance, fatigue resistance and high-temperature effects

83443 This subclass includes:

- testing and analysis of the

mechanical and electrical characteristics of complete machinery, motors, automobiles, tools, appliances, communication equipment and other equipment incorporating mechanical and electrical components. The results of the testing and analysis generally take the form of an assessment of the performance and behavioural characteristics of the object tested. Tests may be performed using models or mock-ups of ships, aircraft, dams, etc.

rise to patents, they could be recorded in 10.1.2 Other R&D services.

83444 This subclass includes:
 - periodical technical inspection of automobiles, motorcycles, buses, lorries, trucks and other road transport vehicles

This subclass does not include:
 - damage assessment services, cf. 71620
 - maintenance and repair services for motor vehicles and motorcycles, cf. 8714

83449 This subclass includes:
 - testing and analysis of a technical or scientific nature that does not alter the object being tested
 - radiographic, magnetic, and ultrasonic testing of machine parts and structures in order to identify defects. These tests are often conducted on site.
 - certification of ships, aircraft, dams, etc.
 - certification and authentication of works of art
 - radiological inspection of welds
 - all other technical testing and analysis services not elsewhere classified

This subclass does not include:
 - assessment of damages on behalf of insurance companies, cf. 71620
 - technical inspection of automobiles, cf. 83444
 - medical analyses and testing services, cf. 93195

10.3.2.1 *Waste treatment and de-pollution* Waste treatment and de-pollution services includes: the treatment of radioactive and other waste; stripping of contaminated soil; cleaning up of

894 *Materials recovery (recycling) services, on a fee or contract basis*

89410 This subclass includes:
 - processing services of metal waste and scrap and of metal articles, whether or not used, into secondary raw material. Typical input consists of waste and scrap being sorted or unsorted but always

pollution, including oil spills; restoration of mining sites; and decontamination and sanitation services. Also included are all other services that relate to the cleaning or restoring of the environment. If a Government issues a non-tradable emission permit and, alongside this permit, provides extensive services for the non-resident purchaser, the payment will be recorded in services according to the service provided (in most circumstances, as government goods and services n.i.e.). Other types of emission permit payments are excluded from services. (MSITS 2010, para. 3.245)

unfit for further direct use in an industrial process, whereas the output is made fit for further processing and is to be considered then as an intermediate good. A process is required, either mechanical or chemical. Examples are:

- * mechanical crushing of metal waste such as used cars, washing machines, bikes, etc., with subsequent sorting and separation
- * mechanical reduction of large iron pieces such as railway wagons
- * stripping of used goods such as cars in order to obtain reusable parts
- * stripping of used goods such as cars or refrigerators to strip them of harmful waste (oil, cooling liquid, fuel, etc.)

This subclass does not include:

- wholesale trade services in waste and scrap including collecting, sorting, packing, dealing, etc. without an industrial process, cf. 61295
- reprocessing services of depleted thorium or uranium, cf. 88421
- recycling on own account: whether still resulting in waste and scrap or new products, see corresponding subclasses of sections 0-4

89420 This subclass includes:

- processing services of non-metal waste and scrap and of non-metal articles, whether or not used, into secondary raw material. Typical input consists of waste and scrap being sorted or unsorted but always unfit for further direct use in an industrial process, whereas the output is made fit for further processing and is to be considered then as an intermediate good. A process is required, either mechanical or chemical. Examples are:
 - * reclaiming of rubber such as used tires to produce secondary raw material
 - * sorting and pelleting of plastics to produce secondary raw material for tubes, flower pots, pallets and the like
 - * reclaiming of chemicals from chemical waste
 - * crushing, cleaning and sorting of

 * hazardous waste including materials that may be hazardous to human health or the environment that require special handling techniques specified by legislation or regulation

94221 This subclass includes:
 - waste collection specifically designed for the collection of non-hazardous recyclable materials:
 * whether presorted or commingled waste, such as cardboard, paper, plastic, glass, aluminium, steel and organic yard waste from residential locations, including curbside collection, back door collection or automated collection on a flexible or regular schedule

94229 This subclass includes:
 - waste collection specifically designed for the collection of non-hazardous recyclable materials:
 * whether presorted or commingled, such as cardboard, paper, plastic, glass, aluminium, steel, and other recyclable materials from non-residential locations, on a regular or flexible schedule

94231 This subclass includes:

94239 This subclass includes:
 - general collection of waste, garbage, rubbish, refuse, trash, and commingled materials from non-residential locations, on a regular or flexible schedule

943 *Waste treatment and disposal services*

94311 This subclass includes:
 - consolidation, temporary storage, and preparation of hazardous waste
 - consolidation and preparation of hazardous waste for transportation to an appropriate facility that processes waste
 - services of drop-off centres,

transfer stations and container stations

94312 This subclass includes:

- ship-breaking
- dismantling of wrecks, such as cars, computers etc., in order to obtain and separate recoverable materials

This subclass does not include:

- dismantling of wrecks, such as cars etc., to obtain items for sale, cf. corresponding subclass in division 61 or 62

94313 This subclass includes:

- consolidation, temporary storage and preparation of non-hazardous recyclable materials
- transfer facility services of non-hazardous recyclable materials
- recovery and preparation of non-hazardous recyclable materials, such as bailing, cleaning, sorting, volume reduction and similar preparation and consolidation of recyclable materials, for transportation to an appropriate facility that processes recyclable materials

94319 This subclass includes:

- consolidation, temporary storage and preparation of non-hazardous waste
- transfer facility services for non-hazardous waste
- consolidation and preparation of non-hazardous waste for transportation to an appropriate facility that processes waste

94321 This subclass includes:

- treatment to reduce, eliminate, or transform hazardous waste
- Processes include biological, chemical, and/or physical procedures or incineration. These procedures may lead to a disposable residual or result in the recovery of a recyclable material.

94322 This subclass includes:

- disposal services for hazardous waste at a facility that meets legal standards for the disposal of hazardous waste, such as at approved controlled containment facilities or landfills

	94331 This subclass includes: - disposal of non-hazardous waste on or in a sanitary landfill which meets the sanitary landfill criteria specified by legislation or regulation, i.e. designed to prevent leaking etc.
	94332 This subclass includes: - disposal of non-hazardous waste on or in landfills other than a sanitary one
	94333 This subclass includes: - incineration of non-hazardous waste in a facility that meets legal standard and requirements for incineration of non-hazardous waste
	94339 This subclass includes: - other non-hazardous waste disposal services, such as: * services of chemical or biological reduction of agricultural waste and similar treatment services

- * removal of non-seed materials, undersized, mechanically or insect-damaged and immature seeds
- * removal of seed moisture to a safe level for seed storage
- * drying, cleaning, grading and treating of seeds to be marketed

86119 This subclass includes:

- tilling of fields preparatory to planting
- planting, cultivation and fertilization of crops
- spraying, including from the air
- pest control for agriculture
- trimming of fruit trees and vines
- transplanting and thinning of crops
- harvesting
- provision of agricultural machinery with crew and operators
- operation of irrigation systems for agricultural purposes
- other services necessary for agricultural production

This subclass does not include:

- formation and clearance of agricultural land, cf. 54320
- services provided by agronomists and agricultural economists, cf. 83115
- other pest control services, cf. 85310
- water distribution services through mains (on a fee or contract basis), cf. 86330

86121 This subclass includes:

- sheep shearing and care and management of herds of farm animals
- artificial insemination of farm animals
- grading of eggs
- cleaning of agricultural premises (hen houses, piggeries, etc.)

This subclass does not include:

- services provided by agronomists and agricultural economists, cf. 83115
- veterinary services for farm animals, cf. 83520
- recreational riding services, cf. 96520

86129 This subclass includes:
 - accommodation services for pets (kennels)
 - grooming and tattooing services for pets
 - training of pet animals

This subclass does not include:
 - veterinary services for pets and other animals, cf. 835
 - training of guard dogs cf. 85290
 - training of sport and entertainment animals cf. 96620

86130 This subclass includes:
 - culling of wildlife

86140 This subclass includes:
 - forest tree nursery services
 - services related to forestry production, such as:
 * transplanting, replanting, thinning, forestry inventories, timber evaluation, fire protection
 - services related to logging, such as:
 * felling, cutting, debarking, transport of logs within the forest

This subclass does not include:
 - planting, pruning or thinning of trees and bushes as part of landscaping, cf. 85970

86150 This subclass includes:
 - services related to fishery and operational services to fish hatcheries and fish farms

862 *Support services to mining*

86211 This subclass includes:
 - derrick erection, repair and dismantling services
 - well casing, cementing, pumping, plugging and abandoning of wells
 - test drilling and exploration services in connection with petroleum and gas extraction
 - specialized fire extinguishing services

This subclass does not include:
 - geological, geophysical and related prospecting and consulting services, cf. 83411

This subclass does not include:

- leasing, rental or hiring services concerning private cars with driver, cf. 64116

- financial leasing of cars, cf. 71140

73112 This subclass includes:

- leasing, rental or hiring services concerning motor vehicles without drivers, principally designed for the transport of goods (e.g., semi-trailers, tractors, lorries, freight vans and other utility vehicles)

This subclass does not include:

- renting or hiring services concerning commercial freight vehicles with driver, cf. 66012

- financial leasing of trucks etc., cf. 71140

73113 This subclass includes:

- rental and non-financial leasing of commercial rail transportation equipment, without operator, such as:

* locomotives and other rolling stock, subway cars, light rail equipment and streetcars

The leases in this product are those which are not structured to provide financing to the lessee. The rental and leasing service may include

maintenance and repair services and insurance, damage waivers and warranties.

This subclass does not include:

- providing rail transportation services (equipment and operator), cf. corresponding subclass in divisions 64 and 65
- financial leasing of railroad vehicles, cf. 71140
- maintenance and repair services of railroad transport equipment sold separately, cf. 87149

73114 This subclass includes:

- leasing, rental or hiring services concerning motorcycles, caravans and campers without driver
- leasing, rental or hiring services concerning other public-transport-type passenger vehicles such as buses, without driver
- leasing, rental or hiring services concerning other land transport equipment without operator
- rental services of man- or animal-drawn passenger vehicles without driver

This subclass does not include:

- leasing, rental or hiring services of public-transport-type passenger vehicles with operator, cf. 64118, 64223, 66011
- financial leasing of other land transport equipment, cf. 71140

11. Personal, cultural and recreational services

11.1.1	<i>Audiovisual services</i>	Audio-visual services relates to the production of motion pictures (on film, videotape, or disk or transmitted electronically), radio and television programmes (live or on tape) and musical recordings. Performing arts and other live entertainment event presentation and promotion services (namely, live performances such as concerts and plays) are excluded from this item and included in artistic related services.	73220	<i>Leasing or rental services concerning video tapes and disks</i>	This subclass includes: - leasing, renting or hiring services concerning pre-recorded video tapes, CD's and DVDs for use in home entertainment equipment, predominantly for home entertainment - leasing, renting or hiring services concerning video games
--------	-----------------------------	--	-------	--	---

However, the recording of live performances is included in audio-visual services and for these recordings, the same treatment as for other audio-visual products applies. Included in audio-visual services are amounts receivable or payable for rentals of audio-visual and related products and charges for access to encrypted television channels (such as those offering cable and satellite services). (MSITS 2010, para. 3.256)

961 *Audiovisual and related services*

9613 This class includes:
- providing computerized and electronic image and sound processing services in audiovisual works (produced on film, video, or digital media, etc.), such as editing, transfer, colour correction, digital restoration, visual effects, animation, format conversion, compression and digital encoding, captioning, titling, subtitling, sound editing and design services

96111 This subclass includes:
- services rendered in the process of converting sounds, words, and music to a permanent physical format using the specialized technical equipment of a sound recording studio

This subclass does not include:
- reproduction of audio recordings, on a fee or contract basis, cf. 89123
- live recordings done outside a studio, such as at a concert hall, stadium, outdoor stage, or conference centre, cf. 96112
- providing a sound recording studio or sound recording equipment where the client provides the primary technicians and operators of the equipment, cf. 73129

96112 This subclass includes:
- all recording services performed on location of a live, public event, such as a conference, seminar, meeting, or concert, etc.

- recording of live radio broadcasts done within a sound recording studio

This subclass does not include:
- sound recording services performed in a studio, cf. 96111

96113 This subclass includes:
- original recordings of sounds, words and music converted to a digital or analogue format

96121 This subclass includes:
- production and realization of motion pictures including animated cartoons primarily designed for showing in movie theatres
- production and realization of motion pictures of all types (e.g., series, telefilms, including animated cartoons) primarily designed for showing on television
- production and realization of promotional or advertising motion pictures
- production of television programmes, live or recorded

This subclass does not include:
- production services of still and slide films, cf. 8381

96122 This subclass includes:
- production of radio programmes, live or recorded

96123 This subclass includes:
- copyrighted motion picture, videotape, television and radio programmes produced without contract for outright sale (i.e. with all-attendant property rights)
These originals are produced for sale that is implicitly or explicitly protected by copyright.

This subclass does not include:
- production of motion pictures, television and radio programmes under contract for others, cf. 96121, 96122

96131 This subclass includes:
- organizing and arranging the visual and audio aspects of an audiovisual work (produced on film, video, digital media, etc.) by analyzing, evaluating, and selecting scenes in terms of story continuity and dramatic and entertainment

value, using equipment such as viewers, projectors, and digital video editing devices and techniques

- incorporating stock shots selected from film and video libraries into film or video

96132 This subclass includes:

- transfers services, i.e. transferring an audiovisual work (produced on motion picture film, video, digital media, etc.) from one format to another with the purpose of adapting the production to a format selected for its presentation or preservation characteristics (e.g., creating backup masters or copies because the original is deteriorating). Examples include transfer of film to tape, tape to film, digital media to film, digital media to tape, diapositive to video, photo to video, etc.
- duplication and copying services for audiovisual works, except film, i.e. creating large-run and small-run reproductions of audiovisual works (video, digital media, etc.) for a variety of uses. The reproductions may be produced in a variety of formats, including VHS, DVD, streaming video, etc.

96133 This subclass includes:

- colour correction services, i.e. adding, modifying, or excluding colour of audiovisual works (produced on film, video, or digital media, etc.) electronically, using digital techniques
- digital restoration services for audiovisual works, i.e. removing scratches from audiovisual works (produced on film, video, or digital media, etc.) by using digital techniques to get the film ready for the transfer process

96134 This subclass includes:

- introducing visual effects to audiovisual works (produced on film, video, or digital media, etc.) by applying photographic or digital technology to the work after the principal photography or main shooting has occurred, such as miniatures, optical and digital effects, matte paintings, double printing, fades, and vignetting

96135 This subclass includes:
- creating pictures, abstract designs, and similar original compositions using various techniques, including:
* computerized animation
* animation sequences of drawings
* claymation (animation of personages and objects created with clay)

96136 This subclass includes:
- captioning services for audiovisual works, i.e. adding text to an audiovisual work (produced on film, video, or digital media, etc.), using a character generator or a captioning data generation system, including:
* open captioning services, which create text always visible on screen
* closed captioning services, which create text made visible on screen at the option of the user
- titling services for audiovisual works, i.e. adding typesetter and graphical elements that serve to identify and enhance the audiovisual work (film, video, or digital media, etc.) through texts, including beginning titles, credits, and words
- subtitling services for audiovisual works, i.e. inserting text in the screen that translates the dialogues and titles of the original audiovisual work (produced on film, video, or digital media, etc.) to the language of the country in which the films or video is exhibited

96137 This subclass includes:
- creating, adding and recording the sound elements (dialogue, music, sounds and silences) of an audiovisual work (produced on film, video, digital media etc.) for a soundtrack that synchronizes the audio with the visual portion of the work:
* composing, recording, mixing, and integrating original music and sound into the soundtrack of an audiovisual work
* recording of music that is timed to the sequence of an audiovisual work
* mixing and recording licensed and client-supplied music and sound for integration into the

soundtrack of an audiovisual work
 * integrating licensed and client-supplied music and sound into the soundtrack of an audiovisual work and synchronizing the sound elements with visual elements of the work
 - licensing and/or agent services for licensing of music and sound bundled with mixing or integration services

96139 This subclass includes:
 - other postproduction services for audiovisual works (produced on film, video, digital media etc.), including format conversion services, compression services etc.

96140 This subclass includes:
 - distribution of audiovisual works, including granting permission to exhibit, broadcast and rent audiovisual works that are implicitly or explicitly protected by a copyright owned or controlled by the licensor, usually intended for theatres, television, home video market etc., such as:
 * live action or animated films
 * videos
 * digital media, etc.
 - management services for motion picture rights

This product is transacted between the distributor and the exhibitor, television network, television station, video rental store etc.

This subclass does not include:
 - licensing services (by the copyright holder) for the right to reproduce, distribute or incorporate audiovisual originals, cf. 73320

8432 *On-line audio content*

84321 This subclass includes:
 - electronic files containing musical audio recordings that can be downloaded and stored on a local device

84322 This subclass includes:
 - streamed audio data sent over the Internet

8433 *On-line video content*

84331 This subclass includes:
 - electronic files containing films and other video recordings that can be downloaded and stored on a local device

11.1.2 <i>Artistic related services</i>	<p>Artistic related services includes the services provided by performing artists (actors, musicians, dancers, etc.), authors, composers and sculptors. 11.2.2 <i>Education services</i>	Education services comprises services relating to all levels of education whether delivered through correspondence courses, via television, satellite, or the Internet, or by teachers, among others, who supply services directly in host economies. Excluded are education services provided to non-residents who are present in the territory of the service supplier (included in travel). (MSITS 2010, para. 3.265)	92 <i>Education services</i>	923 This group includes: - educational services for secondary programmes that become increasingly specialized as a student moves from one level to the next. These programmes can be general or technical/vocational according to the following definitions: * General programmes: Covers education which is not designed explicitly to prepare participants for a specific class of occupations or trades or for entry into further vocational or technical education programmes. * Technical/Vocational: Covers education that prepares participants for direct entry, without further training, into specific occupations. Successful completion of such programmes leads to a labour-market relevant vocational qualification.
			92100 This subclass includes: - education services usually provided by nursery schools, kindergartens, pre-schools, centres for early childhood education, centres for infant education or special sections attached to primary schools. Pre-primary education (ISCED Level 0) is defined as the initial stage of organized instruction designed primarily to introduce very young children to a school-type environment, that is, to provide a bridge between the home and a school-based atmosphere.
			This subclass also includes: - services related to the provision of special education programmes at this educational level

This subclass does not include:
- day camps for children, cf. 63130
- child day-care services, cf. 93510

92200 This subclass includes:
- educational services provided at ISCED Level 1, which includes programmes designed to provide students with an initial basic education in reading, writing and mathematics along with an elementary understanding of other subjects such as history, geography, natural science, social science, art and music

This subclass also includes:
- services related to the provision of special education programmes at this educational level
- services related to the provision of literacy programmes for adults at this educational level

92310 This subclass includes:
- educational services at ISCED Level 2 generally aiming to complete the provision of basic skills and knowledge of the primary level, although teaching is typically more subject-focused, often employing more specialized teachers who conduct classes in their field of specialization. These services cover education which is not designed explicitly to prepare participants for a specific class of occupations or trades or for entry into further vocational or technical education programmes.

This subclass also includes:
- services related to the provision of special education programmes at this educational level
- services related to the provision of literacy programmes for adults at this educational level

92320 This subclass includes:
- educational services at ISCED Level 2 generally aiming to complete the provision of basic skills and knowledge of the primary level, although teaching is typically more subject-focused, often employing more specialized teachers who conduct classes in their field of specialization. These services cover education that

prepares participants for direct entry, without further training, into specific occupations. Successful completion of such programmes leads to a labour-market relevant vocational qualification.

This subclass also includes:
- services related to the provision of special education programmes at this educational level

92330 This subclass includes:
- educational services for programmes (ISCED Level 3), with a higher degree of specialization and where teachers are more qualified and specialized in their subjects when compared to Level 2. Often different streams and types of programmes are available at this level. Generally speaking, completion of Level 3 education is the minimum requirement for entry into tertiary education programmes. Services in this subclass cover education which is not designed explicitly to prepare participants for a specific class of occupations or trades or for entry into further vocational or technical education programmes.

92340 This subclass includes:
- educational services for programmes (ISCED Level 3), with a higher degree of specialization and where teachers are more qualified and specialized in their subjects when compared to Level 2. Often different streams and types of programmes are available at this level. Generally speaking, completion of Level 3 education is the minimum requirement for entry into tertiary education programmes. Services in this subclass cover education that prepares participants for direct entry, without further training, into specific occupations. Successful completion of such programmes leads to a labour-market relevant vocational qualification.

92410 This subclass includes:
- educational services for programmes (ISCED Level 4) which, while happening after students finish Upper Secondary education, they cannot be

considered tertiary education because content-wise these programmes are not significantly more advanced than those from Upper Secondary. They are either short vocational programmes that lead students to the labour market or programmes with substantial theoretical background instruction specifically designed to prepare students for entry to tertiary education in cases where they had previously followed a curriculum (in Level 3 above) that lacked elements needed to entitle them to enter tertiary education programmes. Services in this subclass cover education which is not designed explicitly to prepare participants for a specific class of occupations or trades or for entry into further vocational or technical education programmes.

92420 This subclass includes:
- educational services for programmes (ISCED Level 4) which, while happening after students finish Upper Secondary education, they cannot be considered tertiary education because content-wise these programmes are not significantly more advanced than those from Upper Secondary. They are either short vocational programmes that lead students to the labour market or programmes with substantial theoretical background instruction specifically designed to prepare students for entry to tertiary education in cases where they had previously followed a curriculum (in Level 3 above) that lacked elements needed to entitle them to enter tertiary education programmes. Services in this subclass cover education that prepares participants for direct entry, without further training, into specific occupations. Successful completion of such programmes leads to a labour-market relevant vocational qualification.

92510 This subclass includes:
- education services leading to a university degree or equivalent. Such education services are offered in universities, colleges and similar institutions of higher education.

92520 This subclass includes:
 - education services for tertiary programmes which lead directly to an advanced research qualification, such as a doctoral degree.

92911 This subclass includes:
 - piano and other music instruction
 - art instruction
 - dance instruction and dance studios
 - art instruction except academic
 - photography instruction

This subclass does not include:
 - formal instruction on the above which leads to a professional diploma or degree, cf. 925

92912 This subclass includes sports instruction services by sports camps and schools or by professional sports instructors, teachers or coaches to groups of individuals. It does not include the provision of such services by academic schools, colleges and universities.

This subclass includes:
 - sports instruction (baseball, basketball, cricket, football, hockey, tennis, figure skating, etc.)
 - camps, sports instruction
 - gymnastics instruction
 - riding instruction
 - swimming instruction
 - martial arts instruction
 - card game instruction (such as bridge)
 - yoga instruction

This subclass does not include:
 - recreational or vacation camps that include sports training or instruction, cf. 63130
 - incidental sports and recreation instruction by academic schools, colleges or universities, cf. 921-925

92919 This subclass includes:
 - training for car, bus, lorry and motorcycle driving licences
 - training for flying certificates and ship licences
 - computer training services
 - management training services
 - services provided by music camps, science camps, computer camps and other instructional

camps, except for sports
- education services not definable
by level

This subclass does not include:
- services related to literacy
programmes for adults, cf. 92200,
92310
- higher education services
comparable to the regular education
system, cf. 924, 925
- cultural education services other
than academic, cf. 92911
- education services provided by
