

**International Seminar on Population and Housing Censuses:
Beyond the 2010 Round,
27-29 November 2012, Seoul, Republic of Korea**

UNSD, in collaboration with Statistics Korea (KOSTAT), is organizing an International Seminar on population and housing censuses which will provide a discussion forum for countries and organizations to share experiences and lessons learnt from censuses conducted during the 2010 round. Discussions will center around 1) emerging methodologies for the census, 2) use of modern technologies during census operations, 3) strategies for managing the cost of the census, 4) demand for and provision of census micro data, and 5) the likely future of census taking.
