

United Nations Statistics Division: Demographic Yearbook
Questionnaire on Metadata for Population and Housing Census

Reporting country: [Colombia](#)

Population census date: [2018](#)

Housing census date: [2018](#)

A. General population census information

1. Census - taking methodological approaches

<p>(1) Traditional census - full field enumeration</p> <p>If yes, please circle the mode of data collection among options (a) to (f) listed below:</p> <p>(a) paper questionnaire only</p> <p>(b) paper questionnaire and tablet computers</p> <p>(c) tablet computers only</p> <p>(d) tablet computers and internet</p> <p>(e) internet and paper questionnaires</p> <p>(f) other (please describe)</p>	<input checked="" type="checkbox"/>
<p>(2) Combined census</p> <p>If yes, please circle the method of census taking among the options (a) to (c) listed below:</p> <p>(a) register(s)* and ad-hoc surveys</p> <p>(b) register(s)* and existing surveys</p> <p>(c) other (please describe)</p> <p>*Please list the register or registers that are used.</p>	<input type="checkbox"/>
<p>(3) Fully register based census</p>	<input type="checkbox"/>

(4) Rolling census	<input type="checkbox"/>
(5) Other, please specify	

2. Type of population count and coverage

Type of population count	
(a) Present / de facto population	<input type="checkbox"/>
(b) Usual resident population	<input checked="" type="checkbox"/>
(c) Other, please specify	<input type="checkbox"/>

3. Please specify whether the following population groups were enumerated in the census:

Population group	Included	Excluded	Not applicable
(a) Nomads and persons living in areas to which access is difficult	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(b) Civilian residents temporarily absent from the country	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(c) Civilian foreigners who do not cross a border daily and are in the country temporarily	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(d) Refugees, asylum seekers and internally displaced persons	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(e) Military, naval and diplomatic personnel and their families located outside the country	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(f) Foreign military, naval and diplomatic personnel and their families located in the country	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(g) Civilian foreigners who cross a border daily to work in the country	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(h) Civilian residents who cross a border daily to work in another country	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(i) Merchant seafarers and fishers resident in the country but at sea at the time of the census	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(j) Homeless or roofless persons, vagrants and persons with no concept of usual residence	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(k) Persons living in buildings with restricted access	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

(l) Stateless persons	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
-----------------------	--------------------------	--------------------------	-------------------------------------

4. In case the enumeration was performed according to the 'usual resident population' concept, please complete the following additional table.

For each of the population groups listed in the following table, please indicate whether they were included, excluded, or not applicable in the usual resident population count.

Population group	Included	Excluded	Not applicable
(a) Persons found at the moment of enumeration that cannot identify their place of usual residence, such as those who move often;	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(b) National military, naval and diplomatic personnel and their families, located outside the country;	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(c) Foreign persons working for international organizations (not including foreign diplomats or military forces), provided that they meet the criteria for usual residence in the country;	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(d) Merchant seafarers and fishers usually resident in the country but at sea at the time of the census (including those who have no place of residence other than their quarters aboard ship);	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(e) Persons who may be illegal, irregular or undocumented migrants, as well as asylum seekers and persons who have applied for or been granted refugee status or similar types of international protections, provided that they meet the criteria for usual residence in the country;	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(f) Persons who cross a frontier daily or weekly to work or study in another country,	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

provided that they meet the criteria for usual residence in the country;			
(g) Children born in the 12 months before the census reference time and whose families are usually resident in the country at the census reference time;	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(h) Persons of minor age studying abroad for one year or more to attain the primary or secondary level of education, regardless of the frequency of return to the family home located within the country. If the person is also working abroad, the same rules for cross-border workers apply;	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(i) Persons who regularly live in more than one country during a year, if they are present in the country at the moment of the enumeration.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(j) Foreign military, naval and diplomatic personnel and their families, located in the country, regardless of their place of usual residence;	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(k) Persons of minor age attending the primary or secondary level of education whose family home is located abroad, regardless of the duration of their stay. However, if these persons are also working in the country, then the identification of the place of usual residence follows the same rules as for cross-border workers;	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(l) Third-level students who are absent from the country for one year or more;	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
(m) Persons who regularly live in more than one country during a year, if they are not	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

present in the country at the moment of the enumeration.			
--	--	--	--

5. Estimated census coverage

Estimated coverage: 91.5%	Both sexes	Male	Female
(a) Census under-enumeration / omissions (specify unit: 4.094.077)	X	■	■
(b) Census over-enumeration / erroneous inclusions and duplications (specify unit: 424.695)	X	■	■
(c) Net coverage error (specify unit: 4.094.077)	X	■	■
(d) Net coverage error rate 8.5%	X		

Base denominator for computing net coverage error rate is:	
(a) Enumerated population	<input type="checkbox"/>
(b) Estimated “complete” population	<input checked="" type="checkbox"/>
(c) Unknown	<input type="checkbox"/>

Method(s) used in estimating coverage error:	
(a) Post Enumeration Survey (PES)	<input type="checkbox"/>
Date conducted:	
Size of sample (specify unit:):	
For total area:	
For urban areas:	
For rural areas:	
Population groups excluded:	
(b) Demographic analysis, please specify: ■	<input type="checkbox"/>

(c) Other methods, please specify: We used the dual system estimation taking the National Quality of Life Survey (Encuesta Nacional de Calidad de Vida 2018)	☒
--	---

6. Definition of urban/rural

The definition of urban areas for this census is:

Urban census area. Concept created by DANE for statistical purposes, which it corresponds to the area delimited by the census perimeter. It is characterized for being conformed by sets of buildings grouped in census blocks. Account in general, with a provision of essential services, like aqueduct, sewerage, electric power, hospitals and schools, among others. In this category are included municipal township and population centers.

The definition of rural areas for this census is:

Scattered Rural Area: Geographical delimitation defined by DANE for statistical purposes, included between the census perimeter of the municipal township, population centers, and the municipal limit. It is characterized by dispersed disposition of houses and of agricultural exploitations existing in her.

7. Definition of cities

The definition of a city proper for this census is:

Municipality: territorial entity of the political-administrative division of the State, with political, fiscal and administrative autonomy within the limits that it indicate the laws of the Republic. The purpose is welfare general and the improvement of the quality of life of the population in their respective territory.

The definition of urban agglomeration for this census is:

We don't use this definition for this census.

8. Definition of locality

The definition of a locality for this census is:

Locality/Commune: Locality or Commune is an administrate unit of a middle or principality city of the country that groups specific sectors or neighborhoods. The locality

term is used in the cities that correspond to Special Districts how Bogota and Cartagena, in the other cities we use the term Commune.

9. Definition of literacy

The definition of “literate” and “illiterate” for this census is:

Literate: A person who knows to read and write and is able to read and write a simple paragraph in his language or native language.

10. Educational attainment

Do you follow the International Standard Classification for Education (ISCED) for tabulating the population by educational attainment?

YES.

If yes, which revision?

Corresponds to an adaptation of information from the Ministry of Education for Formal Education.

If any other classification is used, are you able to provide data according to ISCED? Please specify revision number.

If no, please point out the major deviations from ISCED. Please specify revision number.

B. Economic characteristics

11. Activity status / labour force status

What is the lower age limit for the collection of information on activity status in this census?

Population over 10 years old

Is there a maximum age limit for collection of information on activity status for this census?

Not Maximum age limit

What reference period do you use to establish the activity status (labour force status) of a person?

During the last week

12. Please specify whether the groups of persons listed in the following table are included or excluded in the ‘in employment’ category in your census, by marking the appropriate box below.

	Included	Excluded	Not applicable
(a) Persons with a job for pay or profit who, during the reference period, were on training or skills enhancement activities required by their job or for another job in the same economic unit;	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(b) Apprentices, interns or trainees who work for pay in cash or in kind;	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(c) Persons who work for pay or profit through employment promotion programs;	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(d) Persons who work in their own economic units to produce goods intended <i>mainly</i> for sale or barter, even if part of the output is consumed by the household or family;	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(e) Persons with seasonal jobs during the off season, if they continue to perform some tasks and duties of the job, excluding, however, fulfilment of legal or administrative obligations (for example pay taxes);	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(f) Regular members of the armed forces and persons on military or alternative civilian service who perform this work for pay in cash or in kind;	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(g) Apprentices, interns and trainees who work <i>without</i> pay in cash or in kind (that is, unpaid trainee work);	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(h) Participants in skills training or retraining schemes within employment promotion programs, when <i>not</i> engaged in the production process of an economic unit;	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

(i) Persons who are required to perform work as a condition of continued receipt of a government social benefit such as unemployment insurance;	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(j) Persons with seasonal jobs during the off season, if they <i>cease</i> to perform the tasks and duties of the job;	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(k) Persons who retain a right to return to the same economic unit but who were absent (for reasons such as parental leave, educational leave, care for others, other personal reasons, temporary lay-off, suspension of work), when the total duration of the absence exceeds the specified threshold or if the test of receipt of remuneration is not fulfilled;	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(l) Persons on indefinite lay-off who do not have an assurance of return to employment with the same economic unit;	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(m) Persons who work to produce goods intended <i>mainly</i> or <i>exclusively</i> for consumption or use by the household or family, even if a surplus or part of the output is sold or bartered (that is, own-use production of goods);	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(n) Household members who provide <i>unpaid</i> services for consumption or use by their household (that is, own-use provision of services);	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(o) Persons who work voluntarily and <i>without</i> pay to produce goods or services through or for other economic units, including market, non-market units and households (that is, volunteer work).	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

13. Status in Employment

Based on the International Standard Classification of Status in Employment (ICSE-93), the status in employment may be classified as follows:

- (a) Employees;
- (b) Self-employed:
 - i. Employers;
 - ii. Own-account workers;
 - iii. Members of producers' cooperatives;
 - iv. Contributing family workers;
- (c) Persons not classifiable by status.

Do you follow the above structure, for the classification of the Status in Employment in your country?

No

If any other classification is used, are you able to provide data according to the above structure?

No

If no, please point out the major deviations from ICSE-93.

Not apply

14. Occupation

Do you follow the International Standard Classification for Occupations (ISCO) for tabulating the employed population by occupation?

No

If yes, which revision?

If any other or national classification is used, are you able to provide data according to ISCO? Please specify revision number.

We do not include questions about occupation

If no, point out the major deviations from ISCO. Please specify revision number.

Not apply

15. Industry

Do you follow the International Standard Industrial Classification of All Economic Activities (ISIC) for tabulating the employed population by industry?

No

If yes, which revision?

If any other classification is used, are you able to provide data according to ISIC?
Please specify revision number.

We do not include questions about occupation

If no, please point out the major deviations from ISIC. Please specify revision number.

Not apply

C. Household characteristics

16. Definitions

General definition of a household for this census is:

It is a person or group of people, relatives or not, who: occupy the totality or part of a house; have a budget common and generally share meals.

General definition of a family nucleus for this census is:

We do not use the concept of family nucleus. Our concept corresponds to a unit of domestic economy.

17. Head of household / reference person of household

Which one among the following options was used to determine the relationships between household members?

Please select one.

- a) Head of household
- b) Reference person
- c) Other; please describe

Regarding your answer to the previous question, please provide the definition of head of household or reference person that was used in the Census.

He is the habitual resident who is recognized by others members of the household as "boss".

D. Housing census characteristics

18. Housing information

The general definition applied in this census for housing unit is:

It is an independent and separate space, inhabited or destined to be inhabited by one or more people.

The general definition applied in this census for conventional dwelling is:

It is all independent and separate construction, composed of one or more spaces inside.

Are vacant units included in the enumerated conventional dwellings?

Yes, it is part of the housing occupation state

The general definition applied in this census for room is:

It is a housing unit, which is part of a larger building.

19. Definition of cities
(as referred to in the Housing Census Questionnaire: City Data)

General definition of a city in the reporting country for this census is:

█

City 1 (Capital City) – Territory refers to:

█

Special category: All those districts or municipalities with a population greater than or equal to five hundred thousand one (500,001) inhabitants

City 2 – Territory refers to:

█

First category: All those districts or municipalities with a population between one hundred thousand one (100,001) and five hundred thousand (500,000) inhabitants

City 3 – Territory refers to:

█

Second category: All those districts or municipalities with a population between fifty thousand one (50,001) and one hundred thousand (100,000) inhabitants

City 4 – Territory refers to:

█

Third category: All those districts or municipalities with a population between thirty thousand one (30,001) and fifty thousand (50,000) inhabitants

E. Bibliography of Population and Housing Statistics

Please list publications that contain results of your latest population census and your latest housing census:
