United Nations Statistics Division: Demographic Yearbook

Questionnaire on Metadata for Population and Housing Census

Reporting country: Indonesia

Population census date/
Housing census date: 15th May 2015

A. General population census information

1. Census information

Type of census	
(a) Traditional census	☒
(b) Register based census	☐
(c) Combination	☐
(d) Other, please specify	☐

2. Type of population count and coverage

Type of population count	
(a) De facto / population present	☐
(b) De jure / usual resident population	☐
(c) Other, please specify Combination de jure and de facto	☒

Please specify whether the following population groups were enumerated in the census

Population group	Included	Excluded	Not applicable
(a) Nomads	☒	☐	☐
(b) Persons living in areas to which access is difficult	☒	☐	☐
(c) Military, naval and diplomatic personnel and their families located outside the country	☒	☐	☐
(d) Civilian residents temporarily absent from the	☒	☐	☐

	Both sexes	Male	Female
country

(g) Civilian foreigners who do not cross a frontier daily and are in the country temporarily, including undocumented persons, or transients on ships in harbour at the time of the census	☐	☒	☐
(h) Civilian foreigners who cross a frontier daily to work in the country	☐	☒	☐
(i) Refugees	☐	☒	☐
	☐	☐	☐
	☐	☐	☐

3. Estimated census completeness

Estimated completeness:	Both sexes	Male	Female
(a) Gross under-enumeration (specify unit:)			
(b) Gross over-enumeration (specify unit:)			
(c) Net error (specify unit:)			

Base denominator for this estimate is:	
(a) Enumerated population	☐
(b) Estimated "complete" population	☐
(c) Don't know	☐

Method(s) used in estimating completeness:	
(a) Post Enumeration Survey (PES)	☒
Date conducted: 5-18 July 2010	
Size of sample (specify unit: 1200 census blocks in 316 regencies/municipalities in Indonesia):	

For total area: 33 provinces	
For urban areas: -	
For rural areas: -	
Population groups excluded:	
(b) Demographic analysis, please specify:	☐
(c) Other methods, please specify:	☐

Note: BPS conducted PES, but the results of PES was not used to revise the census result. PES conducted only to ordinary households.

4. Definition of urban/rural

The definition of urban areas for this census is:

Each village has a certain score base on: population density, percentage of agricultural household, access to urban facilities, existence of additional facilities, and percentage of build up area not for housing. If a village has a score ≥ 10 → this village classified as "urban". If < 10 → this village classified as "rural".

The definition of rural areas for this census is:

See the notes above

5. Definition of cities

The definition of a city proper for this census is:

-

The definition of urban agglomeration for this census is:

-

6. Definition of locality

The definition of a locality for this census is:

-

7. Definition of literacy

The definition of "literate" and "illiterate" for this census is:

Literate: People who can read and write simple words or simple sentences in latin alphabet (such as Indonesian, English) or other languages such as Arabic, Chinese, Japanese.
Illiterate: People who can not read and write simple words or simple sentences in latin alphabet (such as Indonesian, English) or other languages such as Arabic, Chinese, Japanese.

8. Educational attainment

Do you follow the International Standard Classification for Education (ISCED) for tabulating the population by educational attainment?

Yes

If so, what revision? ISCED-2011

If any other classification is used, are you able to provide data in ISCED (specify revision number)?

If no, please point out the major deviations from ISCED (specify revision number).

B. Economic characteristics

1. Activity status

What is the lower age limit for the collection of information on activity status in this census?

10 year of age and over, but for tabulatuion we select 15 years of age and over

Is there a maximum age limit for collection of information on activity status for this census?

No

What reference period do you use to determine the economic activity of a person?

Seven days before the enumeration date

2. Definition of economically active population used in this census

Definition of economically active population	
(a) Usually active population	☐
(b) Currently active population	☐
(c) Other, please specify Population of 15 years of age and over	☒

Are the following groups considered economically active in the national tabulations? If not, please indicate how they are classified:

Economic group	Yes	No
(a) contributing (unpaid) family workers	☒	☐
(b) unemployed persons including those never previously employed	☒	☐
(c) armed forces;	☒	☐
(d) part-time workers even though they may spend most time at non-gainful activities	☒	☐
(e) domestic servants	☒	☐

3. Status in Employment

Do you follow the International Standard Classification of Status in Employment (ICSE-93), for the classification of the Status in Employment in your country?

Yes

If any other classification is used, are you able to provide data in ICSE-93?

If no, please point out the major deviations from ICSE-93.

4. Occupation

Do you follow the International Standard Classification for Occupations (ISCO) for tabulating the employed population by occupation?

We do not have question on occupation in 2010 Pop Census

If yes, what revision?

If any other classification is used, are you able to provide data in ISCO (specify revision number)?

If no, point out the major deviations from ISCO (specify revision number).

5. Industry

Do you follow the International Standard Classification for International Standard Industrial Classification of All Economic Activities (ISIC) for tabulating the employed population by industry?

Yes

If so, what revision? ISIC Rev. 4 with some modification, consists of 19 categories from the actual 21 categories.

If any other classification is used, are you able to provide data in ISIC (specify revision number).

If no, please point out the major deviations from ISIC (specify revision number)..

   (as referred to in the Housing Census Questionnaire: City Data)

General definition of a city in the reporting country for this census

City ≈ municipality?

City 1 (Capital City) – Territory refers to:

Capital city is the capital city of province

City 2 – Territory refers to:

-

City 3 – Territory refers to:

-

City 4 – Territory refers to:

-

E. Bibliography of Population and Housing Statistics

Please list publications that contain results of your latest population census and your latest housing census:
- Population of Indonesia, results of 2010 Population Census (National and 33 provinces)
- Population Parameters, result of 2010 Population Census
- Statistics of Migrationj (National and 33 provinces), result of 2010 Population Census
- Statistics of Housing, result of 2010 population Census
- Statistics of Elderly Population, result of 2010 population Census
- Thematic publication, result of 2010 Population Census. Consists of 10 publication:
  1. Population Growth and Distribution
  2. Age and Sex, Indonesian Population
  3. Fertility, Indonesian Population
  4. Infant Mortality and Expectation of Life, Indonesian Population
  5. Internal Migration, Indonesian population
  6. Education, Indonesian Population
  7. Employment, Indonesian Population
  8. Citizenship, ethnicity, religion and dayly language, Indonesian Population
  9. Functional disability, Indonesian Population
  10. Housing, Indonesian Population
