

United Nations Statistics Division: Demographic Yearbook
Questionnaire on Metadata for Population and Housing Census

Reporting country: [Slovakia](#)

Population census date: [May 26, 2001](#)

Housing census date: [May 26, 2001](#)

A. General population census information

1. Census information

Type of census	
(a) Traditional census	x
(b) Register based census	<input type="checkbox"/>
(c) Combination	<input type="checkbox"/>
(d) Other, please specify 	<input type="checkbox"/>

2. Type of population count and coverage

Type of population count	
(a) De facto / population present	<input type="checkbox"/>
(b) De jure / usual resident population	x
(c) Other, please specify	<input type="checkbox"/>

Please specify whether the following population groups were enumerated in the census

Population group	Included	Excluded	Not applicable
(a) Nomads	<input type="checkbox"/>	<input type="checkbox"/>	x
(b) Persons living in areas to which access is difficult	x	<input type="checkbox"/>	<input type="checkbox"/>
(c) Military, naval and diplomatic personnel and their families located outside the country	x	<input type="checkbox"/>	<input type="checkbox"/>
(d) Civilian residents temporarily absent from the country	x	<input type="checkbox"/>	<input type="checkbox"/>

(e) Civilian residents who cross a frontier daily to work in another country	x	<input type="checkbox"/>	<input type="checkbox"/>
(f) Foreign military, naval and diplomatic personnel and their families located in the country	<input type="checkbox"/>	x	<input type="checkbox"/>
(g) Civilian foreigners who do not cross a frontier daily and are in the country temporarily, including undocumented persons, or transients on ships in harbour at the time of the census	<input type="checkbox"/>	<input type="checkbox"/>	x
(h) Civilian foreigners who cross a frontier daily to work in the country	<input type="checkbox"/>	x	<input type="checkbox"/>
(i) Refugees	x	<input type="checkbox"/>	<input type="checkbox"/>
█	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
█	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

3. Estimated census completeness

Estimated completeness:	Both sexes	Male	Female
(a) Gross under-enumeration (specify unit: █)	█	█	█
(b) Gross over-enumeration (specify unit: █)	█	█	█
(c) Net error (specify unit: █)	█	█	█

Base denominator for this estimate is:	
(a) Enumerated population	<input type="checkbox"/>
(b) Estimated "complete" population	<input type="checkbox"/>
(c) Don't know	<input type="checkbox"/>

Method(s) used in estimating completeness:	
(a) Post Enumeration Survey (PES)	<input type="checkbox"/>
Date conducted: █	
Size of sample (specify unit: █):	
For total area: █	
For urban areas: █	

For rural areas: [REDACTED]	
Population groups excluded: [REDACTED]	
(b) Demographic analysis, please specify: [REDACTED]	<input type="checkbox"/>
(c) Other methods, please specify: [REDACTED]	<input type="checkbox"/>

4. Definition of urban/rural

The definition of urban areas for this census is:

As urban areas were defined municipalities declared as towns according to the law (administrative status)

The definition of rural areas for this census is:

As rural areas were defined municipalities not declared as towns (“other municipalities” – administrative status)

5. Definition of cities

The definition of a city proper for this census is:

No definition; as city proper was considered the territory of town (within its administrative borders)

The definition of urban agglomeration for this census is:

No definition

6. Definition of locality

The definition of a locality for this census is:

Municipality was considered as locality.

7. Definition of literacy

The definition of “literate” and “illiterate” for this census is:

No definition

8. Educational attainment

Do you follow the International Standard Classification for Education (ISCED) for tabulating the population by educational attainment?

No

If so, what revision?

If any other classification is used, are you able to provide data in ISCED (specify revision number)?

ISCED 97

If no, please point out the major deviations from ISCED (specify revision number).

B. Economic characteristics

1. Activity status

What is the lower age limit for the collection of information on activity status in this census?

16 years

Is there a maximum age limit for collection of information on activity status for this census?

No age limit

What reference period do you use to determine the economic activity of a person?

Status at the date of census

2. Definition of economically active population used in this census

Definition of economically active population	
(a) Usually active population	<input type="checkbox"/>
(b) Currently active population	x
(c) Other, please specify	<input type="checkbox"/>

Are the following groups considered economically active in the national tabulations?
If not, please indicate how they are classified:

Economic group	Yes	No
(a) contributing (unpaid) family workers	x	<input type="checkbox"/>
(b) unemployed persons including those never previously employed	x	<input type="checkbox"/>
(c) armed forces;	x	<input type="checkbox"/>
(d) part-time workers even though they may spend most time at non-gainful activities	x	<input type="checkbox"/>
(e) domestic servants	x	<input type="checkbox"/>

3. Status in Employment

Do you follow the International Standard Classification of Status in Employment (ICSE-93), for the classification of the Status in Employment in your country?

No

If any other classification is used, are you able to provide data in ICSE-93?

yes

If no, please point out the major deviations from ICSE-93.

4. Occupation

Do you follow the International Standard Classification for Occupations (ISCO) for tabulating the employed population by occupation?

No

If yes, what revision?

If any other classification is used, are you able to provide data in ISCO (specify revision number)?

yes, ISCO-88

If no, point out the major deviations from ISCO (specify revision number).

5. Industry

Do you follow the International Standard Classification for International Standard Industrial Classification of All Economic Activities (ISIC) for tabulating the employed population by industry?

No

If so, what revision?

If any other classification is used, are you able to provide data in ISIC (specify revision number).

Yes, ISIC 3/3.1

If no, please point out the major deviations from ISIC (specify revision number)..

C. Household characteristics

1. Definitions

General definition of a household for this census is:

Jointly managed households consist of persons living together in one dwelling and jointly covering the greater part of main household expenditure (housing, food, household maintenance, heating, electricity, gas, etc.). The amount of shared household expenditure coverage is not relevant. A jointly managed household can also consist of one or more census households. **Census household** includes all related or unrelated persons living together in one dwelling within one jointly managed household. It is a basic unit not to be divided further.

General definition of a family nucleus for this census is:

Family households:

a) complete family married couples (or common-law partners) without children or with children (regardless of their age, unless the adult children constitute a separate census household);

b) incomplete (single-parent) family one of parents with at least one child (regardless of child's age, but taking into account joint management)

2. Head of household / reference member

Definition	
(a) Head of household, defined as follows: the household head is always the husband (de facto partner) in complete families, and, as a rule, the parent in two-generation incomplete family and the member of the middle generation in three-generation incomplete families	<input checked="" type="checkbox"/>
(b) Reference member of household, defined as follows:	<input type="checkbox"/>
(c) Other (for example: Joint head of household):	<input type="checkbox"/>

D. Housing census characteristics

1. Housing information

What definition did you apply in this census for housing unit?

The following buildings are classified as houses:

- each separate house intended for living with its own house number,
- each separate residential or occupied building with a private entrance, though without its own number (adjacent building),

- other buildings (dwellings), in which someone lived or overnighted at the time of census enumeration.

What definition did you apply in this census for conventional dwelling?

A dwelling is a group of rooms or a single room with bathroom and lavatory, arranged to a functional unit with a lockable door and designed for permanent living.

Are vacant units included in the enumerated conventional dwellings?

Yes

What definition did you apply in this census for room?

A habitable room is a room which can be aired directly, exposed to light, with a direct or sufficient indirect heating and, due to its arrangement and equipment, designed for year-round living. The number of habitable rooms with the floor area over 8 sq. m is indicated. If the kitchen is the only room in the dwelling, its total area is included into the habitable room floor area.

2. Definition of cities

(as referred to in the Housing Census Questionnaire: City Data)

General definition of a city in the reporting country for this census

Town with 100,000 inhabitants and over.

City 1 (Capital City) – Territory refers to:

Bratislava

City 2 – Territory refers to:

Košice

City 3 – Territory refers to:

City 4 – Territory refers to:

E. Bibliography of Population and Housing Statistics

Please list publications that contain results of your latest population census and your latest housing census:

■ Printed Publications – 2001 Population, Housing and Dwelling Census
(Slovak only)

Author:

Statistical Office of the Slovak republic (Section of Social Statistics and Demography - Population Statistics Department)

Published in 2001

Basic data (national data, regional data – regions, districts)

Basic data on population (district and municipality level)

Basic data on population by ethnic nationality (district and municipality level)

Basic data on population by religion (district and municipality level)

Basic data on housing – Houses and dwellings (district and municipality level)

Published in 2002

Historical Lexicon of Municipalities in Slovak republic 1970 – 2001

Statistical Lexicon of Municipalities in Slovak republic 2002

Resident population economically active by social group, degree of economic activity and educational attainment

Resident population by ethnic nationality, educational attainment, degree of economic activity, social group, branch of economic activity and by sex – SR, regions, districts Part I., II.

Resident population by degree of economic activity, single ages and by sex – SR, regions, districts Part I., II.

Resident married women by marriage order, social group, number of live births and by age of woman – SR, regions, districts Part I., II.

Resident population aged 15 years and over by 5-year age groups and educational attainment Part I., II.

Resident population by ethnic nationality, mother tongue and by sex – SR, regions, districts

Resident population by 5-year age groups, by sex and by religion – SR, regions, districts

Resident population by ethnic nationality and by sex, 5-year age groups and citizenship – SR, regions, districts

Resident population by sex, marital status and by single ages – SR, regions, districts

Resident population by sex, marital status and by year of birth – SR, regions, districts

Resident married women by number of live births, order of marriage and 5-year age groups – SR, regions, districts

Resident population economically active by social group and 5-year age groups – SR, regions, districts

Resident population economically active by degree of economic activity, by occupation class and by branch of economic activity – SR, regions, districts

Resident population economically active by social group, degree of economic activity and educational attainment

Permanently occupied dwellings by size of kitchen, floor area, category and size of dwelling and by number of census-households Part I., II.

Permanently occupied houses with dwellings by period of construction, technical equipment and type of building – SR, regions, districts Part I., II., III.

Permanently occupied houses with dwellings by tenure status, by type of building and by size of dwelling

Permanently occupied houses with dwellings by legal cause of occupying the dwelling, by type of building and by size of dwelling

Permanently occupied dwellings by size, position, technical equipment of dwelling and by type of building – SR, regions, districts Part I., II., III.

Permanently occupied dwellings by period of construction of the building, by category and size of dwelling and by type of building – SR, regions, districts Part I., II.

Houses (including accommodation establishments, nursing homes and industrial buildings with dwellings) by occupancy status, by number of houses and permanently resident persons – SR, regions, districts

Vacant dwellings in permanently occupied houses by causes of non-occupancy – SR, regions, districts

Vacant houses with dwellings by causes of non-occupancy – SR, regions, districts

Permanently occupied houses with dwellings by occupancy status, period of construction and number of dwellings Part I., II.

Permanently occupied dwellings by household equipment, by number, type and size of census-household – SR, regions, districts (relative data)

Permanently occupied dwellings by legal cause for occupying the dwelling, by size, category of dwelling and by other housing characteristics – SR, regions, districts

Permanently occupied dwellings by household equipment, by number, type and size of census-household – SR, regions, districts (absolute data)

Permanently occupied dwellings by size of dwelling, by floor area, by number of occupants, by structure of dwelling-household and by type of building Part I., II.

Indicators of housing level and dwelling stock by period of construction and type of building in permanently occupied dwellings – SR, regions, districts

Census-households (families) by household type, number of dependent children and by age group of partners

Census-households by number of household members, by household type and by number of dependent children and by social group of the head of the census-household – SR, regions, districts Part I., II., III., IV.

Multi-person non-family census-households and single-person households by sex and marital status of the head of the census-household

Census-households by type, by number of dependent children, by size, category and age of dwelling and by number of census-households Part I., II.

Census-households (families) by number of dependent children, by economic activity and age group of woman

Census-households (incomplete families) by sex, by marital status and by number of dependent children

Census-households by type, by living arrangements and by cohabiting lone-person households, cohabiting census-households by relation between its head and the head of the jointly-managed households

Jointly-managed households by social group of the head of the jointly-managed household, by structure of the jointly-managed household and by relationship between the head of cohabiting jointly-managed household and the dwelling occupant

Census-households (families) by number of dependent children, by social group of the head of the household and by household type – SR, regions, districts

Jointly-managed households by number of household members, by type and number of census-households and by number of economically active persons – SR, regions, districts

Jointly-managed households by number of dependent members, by type and number of census-households and by number of economically active persons – SR, regions, districts

Jointly-managed households by number of economically active members, by number of non-employed pensioners and by social group of head of the jointly-managed household – SR, regions, districts

Published in 2003

Resident population by sex, age groups and place of permanent residence of mother at birth – SR, regions, districts

Resident economically active population by 5-year age groups, branches of economic activity and by sex – SR, regions, districts Part I., II., III.

Resident economically active population by 5-year age groups, by sex and occupation – SR, regions, districts Part I., II.

Resident economically active population by educational attainment, by sex and occupation – SR, regions, districts Part I., II.

Resident women with dependent children by age and number of dependent children, age of woman, marital status and economic activity – SR, regions, districts Part I., II.

Married persons by marriage order and de facto marriages of cohabiting persons by marital status, by sex and 5-year age groups – SR, regions, districts

Resident population aged 15 years and over by age groups and educational attainment per 1000 inhabitants – SR, regions, districts Part I., II.

Resident economically active population by sex, age groups and groups of occupations
Economic activity of women with dependent children by marital status, age and number of dependent children and age groups of women

Resident population by degree of economic activity, by sex and 5-year age groups per 1000 inhabitants

Permanently occupied dwellings by material of supporting walls of the buildings, by number of habitable rooms, floor area, category and size of dwelling and by number of census households – SR, regions, districts Part I., II., III., IV.

Permanently occupied dwellings by economic activity and social group of head of census-household, by size, category and legal cause for occupying the dwelling – SR, regions, districts Part I., II.

Permanently occupied dwellings by period of construction of the building, by size, position and technical equipment of dwelling – SR, regions, districts Part I., II., III.

Permanently occupied dwellings by number of census-households and level indicators of housing – SR, regions, districts Part I., II.

Permanently occupied dwellings by size of dwelling, by size of census-households, by type of building and by size of habitable area

Permanently occupied dwellings by size, floor area, number of occupants and by dwelling-household structure – SR, regions, districts Part I., II.

Multi-person households by household type and by number of household members, by sex and age of head of the census-household

Other persons living in family households by sex, marital status and by age groups – SR, regions, districts

Complete family census-households by social group of husband and by social group of wife

Census-households (families) by number of dependent children, ethnic nationality of the head of the household and by household type
