

United Nations Statistics Division: Demographic Yearbook
Questionnaire on Metadata for Population and Housing Census

Reporting country: **SLOVENIA**

Population census date: **31. 3. 2002**

Housing census date: **31. 3. 2002**

A. General population census information

1. Census information

Type of census	
(a) Traditional census	<input type="checkbox"/>
(b) Register based census	<input type="checkbox"/>
(c) Combination	X <input type="checkbox"/>
(d) Other, please specify 	<input type="checkbox"/>

2. Type of population count and coverage

Type of population count	
(a) De facto / population present	<input type="checkbox"/>
(b) De jure / usual resident population	X <input type="checkbox"/>
(c) Other, please specify	<input type="checkbox"/>

Please specify whether the following population groups were enumerated in the census

Population group	Included	Excluded	Not applicable
(a) Nomads	<input type="checkbox"/>	<input type="checkbox"/>	X <input type="checkbox"/>
(b) Persons living in areas to which access is difficult	<input type="checkbox"/>	<input type="checkbox"/>	X <input type="checkbox"/>
(c) Military, naval and diplomatic personnel and their families located outside the country	X <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(d) Civilian residents temporarily absent from the country	<input type="checkbox"/>	X <input type="checkbox"/>	<input type="checkbox"/>

(e) Civilian residents who cross a frontier daily to work in another country	X <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(f) Foreign military, naval and diplomatic personnel and their families located in the country	<input type="checkbox"/>	X <input type="checkbox"/>	<input type="checkbox"/>
(g) Civilian foreigners who do not cross a frontier daily and are in the country temporarily, including undocumented persons, or transients on ships in harbour at the time of the census	<input type="checkbox"/>	X <input type="checkbox"/>	<input type="checkbox"/>
(h) Civilian foreigners who cross a frontier daily to work in the country	<input type="checkbox"/>	X <input type="checkbox"/>	<input type="checkbox"/>
(i) Refugees	X <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Short term migrants	<input type="checkbox"/>	x <input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

3. Estimated census completeness

Estimated completeness:	Both sexes	Male	Female
(a) Gross under-enumeration (specify unit: <input type="checkbox"/>)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(b) Gross over-enumeration (specify unit: <input type="checkbox"/>)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
(c) Net error (specify unit: %)	0,01	<input type="checkbox"/>	<input type="checkbox"/>

Base denominator for this estimate is:	
(a) Enumerated population	X <input type="checkbox"/>
(b) Estimated "complete" population	<input type="checkbox"/>
(c) Don't know	<input type="checkbox"/>

Method(s) used in estimating completeness:	
(a) Post Enumeration Survey (PES)	X <input type="checkbox"/>
Date conducted: 15. 4. 2002	
Size of sample (specify unit.): population	14000
For total area: <input type="checkbox"/>	
For urban areas: <input type="checkbox"/>	

For rural areas: <input type="checkbox"/>	
Population groups excluded: collective households	
(b) Demographic analysis, please specify: <input type="checkbox"/>	<input type="checkbox"/>
(c) Other methods, please specify: <input type="checkbox"/>	<input type="checkbox"/>

4. Definition of urban/rural

The definition of urban areas for this census is:

Urban settlements are determined on the basis of four criteria:

1. settlements with 3,000 inhabitants or more (formal criterion);
2. settlements with 2,000–2,999 inhabitants and more workplaces than persons in employment living in these settlements (formal, functional criterion);
3. settlements that are seats of municipalities and have at least 1,400 inhabitants and a surplus of workplaces or settlements that are seats of municipalities and have at least 2,000 inhabitants (formal, functional criterion);
4. suburban settlements that have fewer inhabitants but are being gradually spatially and functionally integrated with an urban settlement with 5,000 inhabitants or more thus becoming urban areas; as a criterion of functional linking labour migration is used, while the share of agricultural holdings in the suburban settlement is used as a separation criterion (physiognomic-morphological, functional criterion).

The definition of rural areas for this census is:

Non-urban (rural) settlements are all other settlements that do not meet the statistical definition of urban settlements and settlements within urban areas.

5. Definition of cities

The definition of a city proper for this census is:

[City proper is equivalent to the settlement of the same name from the Register of Spatial Units.](#)

The definition of urban agglomeration for this census is:

[Urban agglomeration is composed of either one urban settlement \(city proper\) or an urban settlement with appurtenant settlements within the urban area.](#)

6. Definition of locality

The definition of a locality for this census is:

It is formed so that it includes rounded area with ten buildings at least. Each locality (settlement) must have the name. As a rule, a settlement name is a geographical name but it may also be a name related to the history or tradition of the settlement. The areas of settlements must be formed so that they cover the whole area of municipality.

7. Definition of literacy

The definition of “literate” and “illiterate” for this census is:

Not applicable in 2002 Census

8. Educational attainment

Do you follow the International Standard Classification for Education (ISCED) for tabulating the population by educational attainment?

YES

If so, what revision? **ISCED_97**

If any other classification is used, are you able to provide data in ISCED (specify revision number)?

If no, please point out the major deviations from ISCED (specify revision number).

B. Economic characteristics

1. Activity status

What is the lower age limit for the collection of information on activity status in this census?

15

Is there a maximum age limit for collection of information on activity status for this census?

NO

What reference period do you use to determine the economic activity of a person?

Last week before reference date

2. Definition of economically active population used in this census

Definition of economically active population	
(a) Usually active population	x <input type="checkbox"/>
(b) Currently active population	<input type="checkbox"/>
(c) Other, please specify	<input type="checkbox"/>

Are the following groups considered economically active in the national tabulations?
If not, please indicate how they are classified:

Economic group	Yes	No
(a) contributing (unpaid) family workers	x <input type="checkbox"/>	<input type="checkbox"/>
(b) unemployed persons including those never previously employed	<input type="checkbox"/>	x <input type="checkbox"/>
(c) armed forces;	x <input type="checkbox"/>	<input type="checkbox"/>
(d) part-time workers even though they may spend most time at non-gainful activities	<input type="checkbox"/>	x <input type="checkbox"/>
(e) domestic servants	<input type="checkbox"/>	x <input type="checkbox"/>

3. Status in Employment

Do you follow the International Standard Classification of Status in Employment (ICSE-93), for the classification of the Status in Employment in your country?

No

If any other classification is used, are you able to provide data in ICSE-93?

No

If no, please point out the major deviations from ICSE-93.

Contributing family workers are not possible to distinguish
Employers are not covered

4. Occupation

Do you follow the International Standard Classification for Occupations (ISCO) for tabulating the employed population by occupation?

YES

If yes, what revision? ISCO-88(COM)

If any other classification is used, are you able to provide data in ISCO (specify revision number)?

If no, point out the major deviations from ISCO (specify revision number).

5. Industry

Do you follow the International Standard Classification for International Standard Industrial Classification of All Economic Activities (ISIC) for tabulating the employed population by industry?

YES

If so, what revision? NACE Rev. 1

If any other classification is used, are you able to provide data in ISIC (specify revision number).

If no, please point out the major deviations from ISIC (specify revision number)..

C. Household characteristics

1. Definitions

General definition of a household for this census is:

A private household (household) is a group of people living together and sharing their income for covering the basic costs of living (accommodation, food, other consumer goods, etc.) or a person living alone.

General definition of a family nucleus for this census is:

A family is a community of persons within a private household. It is a:

- community of parents (one or both) and unmarried children living with them or with one of the parents. The age of children is not limited, however they must not have their own families or live in consensual unions;
- community of a married man and woman;
- community of partners who live in a consensual union;

2. Head of household / reference member

Definition	
(a) Head of household, defined as follows:	<input type="checkbox"/>
(b) Reference member of household, defined as follows:	x <input type="checkbox"/>
(c) Other (for example: Joint head of household):	<input type="checkbox"/>

Household reference person is a household member aged 15 years or over selected by the household members themselves with the purpose to determine relations to other household members.

D. Housing census characteristics

1. Housing information

What definition did you apply in this census for housing unit?

Housing units comprise of conventional dwellings and other inhabited places not designed for habitation but used for usual residence at the time of census.

What definition did you apply in this census for conventional dwelling?

A conventional dwelling is any structurally unified whole intended for residence, with one or more rooms, with or without appropriate utility spaces (kitchen, bathroom, toilet, hallway, larder, etc.) and with at least one separate entrance.

Are vacant units included in the enumerated conventional dwellings?

YES

What definition did you apply in this census for room?

A room is a space intended for living and separated from other residential area with walls. It has direct daylight and its floor space is at least 6m².

2. Definition of cities

(as referred to in the Housing Census Questionnaire: City Data)

General definition of a city in the reporting country for this census

[See definition of "city proper".](#)

City 1 (Capital City) – Territory refers to:

[Ljubljana](#)

City 2 – Territory refers to:

[Maribor](#)

City 3 – Territory refers to:

█

City 4 – Territory refers to:

█

E. Bibliography of Population and Housing Statistics

Please list publications that contain results of your latest population census and your latest housing census:

The web site with all information (including publications):
