Subject 'Comments on Volume 1 of the updated 1993 SNA'

Dear colleague:

I`m writting to give my opinion on the title of the updated System of National Accounts. I think the best option is the first one: "System of National Accounts 1993,Revision 1 (1993 SNA Rev.1)", keeping the 1993 date in the title to demonstrate that the basic principles of the 1993 SNA are still valid, and the revision is incorporating non treat issues into the basic framework.
