Subject Comments on Volume 1 of the updated 1993 SNA

We have gone through the 17 Chapters and the 2 Annexes that have been posted. We have found nothing substantial that needs to be brought to the attention of the Drafting Committee. However we feel that the Publication should be called SNA 2008 in line with SNA 1953, SNA 1968 and SNA 1993. The connection between this Report and SNA 93 and all the previous reports can be spelled out in the introduction.
