Part I: General comments

In the space below, please provide any general comments, such as about the clarity with which the new recommendations were incorporated (30 words or less).

Comment:

<p>As in the previous chapters, the additions are helpful. The stress on asset accounts is new – in SNA93 assets liabilities accounts were mentioned in chapter 2, should they not be called asset-liabilities accounts then? Especially in table 13.2 which is for the whole economy. One-off guarantees are not mentioned under the memorandum items. See also comments in PDF.</p>

Part II: Comments on specific draft paragraphs or passages

In your review of draft chapter 13, you may wish to devote particular attention to the passages listed below. There is space after each issue for any comment you wish to make.

1. Do you find it helpful to have the definitions of assets included as the assets are introduced rather than assembled in an annex to chapter 13? (A comprehensive glossary, drawing on the definitions in the text, will be available.)

Comment:

Yes

2. Section A: Do you find it helpful to describe asset accounts in this chapter to explain the links between balance sheets and stock of assets as used for PIM calculations and as used in the SEEA?

Comment:

Yes

3. Is the relationship between the balance sheet entries and the entries in the capital account, the financial account, the other changes in the volume of assets account and the revaluation account sufficiently clear?

Comment:

Yes
