

Comments on Chapter 15 by A.C. Kulshreshtha

In Para 15.3...In second sentence, after taxes less subsidies on products, '(including import duties)' may be inserted. The same phrase may also be inserted in the bold letter sentence after taxes less subsidies on products, in the same paragraph.

In Para 15.6...second sentence appears abrupt and is not friendly to the first sentence

In Para 15.7... In first sentence, after corresponding items identified, 'and used' may be inserted.

Para 15.9 may be shifted after Para 15.11

In Para 15.10...at the end of first sentence 'like enabling consistency checks' may be added

After Para 15.11 a small paragraph may be added to mention the practice of some countries following commodity flow approach for estimating Private (Household plus NPISH) Consumption Expenditure.

In Para 15.17 ... In second sentence after ISIC, 'kind of activity units' may be inserted

Para 15.22 does not appear to convey any thing clearly, Could be dropped??

Para 15.26. Second sentence needs little toning down

Para 15.30... Second sentence is not clear

In Para 15.35 in second sentence instead of 'They' we may write 'The amount paid for processing alone'

In Para 15.95...fifth line 'robust that desired' may be replaced by 'robust than desired'

In Para 15.126...in third sentence third line 'inevitable' may be replaced by 'inevitably'

In Para 15.1333 ..Table 15.11 ?? and in Para 15.136 table4b ??? not clear
