26.45-46	We welcome the mention of MSITS for further information on trade in services as well as the mention of AMNE/FATS statistics. However we were wondering if it would not be more appropriate just to mention FATS in relation to MSITS in paragraph 45 and move paragraph 26.46 after 26.76
26.47-51	"Compensation of employees" is not mentioned in the presentation of the primary income account.
26.52-54	These paragraphs are under the section entitled "Secondary income account", but deal with issues also relating with the primary income account, as well as other accounts. Should these paragraphs only refer to personal transfers, and the text relating to the broader picture (i.e. remittances) be shown in a box?

* Insert rows in this Word table for each paragraph on which you wish to comment.

Part III. Other specific comments

You are welcome to make other specific comments. To assist you in doing so, the following points are provided as a guide to the types of points on which you might wish to comment. Note, though, that you are not restricted to commenting on only these points.

1. Is the consistency between BPM6 and the SNA sufficiently emphasised?
2. Is the description of the functional classification in BPM6 useful and clear to non balance of payments specialists?
3. Are tables 26.1 and 26.2 helpful?
