Part I: General comments

In the space below, please provide any general comments, such as about the clarity with which the new recommendations were incorporated (30 words or less).

Comment:

The text is clear, with one exception – see below

Part II: Comments on specific draft paragraphs or passages

In your review of this Add.1, you may wish to devote particular attention to the passages listed below. For ease of reference, we have identified the relevant paragraphs. For the passage, a Word table is provided for you to use in making your comments. There is a row for general comments at the top of the table. Thereafter please use a separate row for each paragraph on which you wish to make detailed comments.

1. Paragraphs 7.101-7.109 of the revised text shown in Add.1 outline the key features of interest as property income payable on a specific set of financial instruments. Is the discussion clear? Are there any other general features concerning interest that should be incorporated into chapter 7 as well as in chapter 17, which elaborates on how interest is calculated on these specific instruments? (Please reference the relevant paragraph numbers in chapter 17 in your comment.)

7.104	The third sentence could be made clearer and less ambiguous. “The amounts of SNA interest paid by borrowers to financial institutions is less than bank interest to the extent of the implicit service charge for lending, while the amounts of SNA interest receivable from financial institutions are greater than bank interest to the extent of the implicit service charge for taking deposits.”

* Insert rows in this Word table for each paragraph on which you wish to comment.
