Part I: General comments

In the space below, please provide any general comments, such as about the clarity with which the new recommendations were incorporated (30 words or less).

Comment:

<p>The additions to the chapter are helpful and well linked. As in the other chapters the addition of explicit definitions is very useful.</p> <p>In a few instances the explanations (f.ex. of social security schemes) could perhaps be arranged in a different manner to increase the understanding.</p> <p>To my regret haven't had enough time to go through the chapter as thoroughly as needed, but have a few specific comments (see PDF).</p>

Part II: Comments on specific draft paragraphs or passages

In your review of draft chapter 8, you may wish to devote particular attention to the passages listed below. There is space after each issue for any comment you wish to make.

1. The title of the chapter has been changed from “The secondary distribution of income account” to “The redistribution of income accounts.” The new title reflects that the chapter also covers the redistribution of income account. This change is followed

through in the first three paragraphs of section. Are you comfortable with the change in title? Are these paragraphs clear and helpful?

Comment:

Yes., and they are helpful.

2. In section B, the discussion of transfers has been extended. Is this discussion clear and helpful?

Comment:

It is important to have a discussion and clear guidelines, so the extension is a good thing. As mentioned in the specific comments, have a bit of a problem with the distinction between capital transfers and current transfers.

NOTE: In sections E and F at present relate only to pensions. There is discussion on other social insurance benefits in chapter 17. Eventually, some of the implications will be incorporated in chapter 8 (but leaving the main discussion in chapter 17).

3. In section E, the text on social contributions has been amended. Please see the note from the editor on the classification of social contributions as regards self-and non-employed persons. Do you agree that what is proposed is more practicable than what had been included in the 1993 SNA?

4. Section G includes text added for reinsurance, standardised guarantees, and new items for personal transfers and remittances from abroad. The last are in line with new BOP items. Do you have any comments?

5. Section G, in paragraph 8.106, describes the SNA treatment of lotteries and gambling. An endnote mentions that those working on the BOP Manual query this treatment because some very big payouts are made in the form of annuities such that there are financial claims and liabilities existing between winners and the lottery organizers. This issue will be brought to the AEG meeting in late March. Do you have views?
