

### 3.n Items for discussion and decision: Tourism statistics

Page/Paragraph	Contents	Comments/Suggestions
Page 6/ Point 18-21	Technical note on linking Tourism Satellite Account (TSA) and the System of Environmental Economic Accounting (SEEA)	<p>BPS Statistics Indonesia supports the development of technical note on linking TSA and SEEA.</p> <p>BPS Statistics Indonesia has developed TSA since 2001; however it has not linked yet with the System of Environmental Economic Accounting. So, the availability of the technical note is necessary.</p>
Page 9/ Point V.37 (Points for Discussion)	The need for capacity building with regard to measuring sustainable tourism, in particular, tourism statistics, the TSA and their linkages	Capacity building is required for Indonesia. A regional workshop in Asia or ASEAN on Sustainable Tourism would be good.
