United Nations Group of Experts on Geographical Names 2025 session

New York, 28 April – 2 May 2025 Item 4 (b) of the provisional agenda \*

Reports: Governments on the situation in their countries and on the progress made in the standardization of geographical names

## **United Nations Group of Experts on Geographical Names**

National report of Ukraine for the period 2023 – 2024 \*\*

<sup>\*</sup> GEGN.2/2025/1.

<sup>\*\*</sup> Prepared by Ukraine, the State Service of Ukraine for Geodesy, Cartography and Cadastre. Participation of the United Nations Group of Experts on Geographical Names, East Central and South-East Europe Division

## A Summary

A short summary, which describes main points of the national report. This part is also usually sent in a separate document before the national report.

## National report

During the intersessional period 2023–2024, the State Service of Ukraine for Geodesy, Cartography and Cadastre (<a href="http://land.gov.ua">http://land.gov.ua</a>) conducted activities in the following main areas in the field of standardization of geographical names:

- Improving the legislative framework of activities related to geographical names;
- Creating and updating of the State Register of Geographical Names;
- Utilizing and maintenance of geographical names;
- International cooperation on geographical names.

The full report covers the activities in Ukraine on the standardization of geographical names during the intersessional period. Information is provided on changes in Ukrainian legislation on geographical names and the administrative and territorial structure of Ukraine. Also included in the report is updating of the State Register of Geographical Names with the names of geographical objects in Ukraine (about 105,500 geographical names), and the creation of the second part of the State Register of Geographical Names with the names of geographical objects of other states used in Ukraine (over 80,000 geographical names of foreign countries).

## B Member state report on the situation in their country

The progress made in the standardization of geographical names since the last UNGEGN session (news in the field of geonames in the country, progress of ongoing projects, finished projects, issues and use cases for inspiration for other countries, changes in database of geonames).

The Resolution of the Cabinet of Ministers of Ukraine dated August 1, 2023 № 801 "On Amendments to Certain Resolutions of the Cabinet of Ministers of Ukraine on the Establishment and Use of Geographical Names":

approved a new version of the Regulation on the State Register of Geographical Names, which allowed to improve the procedure for creating and maintaining the State Register of Geographical Names of Ukraine, establishing, standardizing and using geographical names, publishing and providing users with access to standardized geographical names;

regulated the Procedure for Examination of Proposals and Decisions of State Authorities and Local Self-Government Bodies on Naming and Renaming Geographical Objects of Ukraine, taking into account changes in legislation, in particular, regarding the administrative and territorial structure.

The Order of the Ministry of Agrarian Policy and Food of Ukraine dated July 7, 2023 № 1358 "On Approval of the Procedure for Approval of the Contents of Catalogues, Directories, Dictionaries and Lists of Geographical Names" approved the Procedure for Approval of the Content of Catalogs, Reference Books, Dictionaries and Lists of Geographical Names.

In 2023-2024, the StateGeoCadastre took measures to create and maintain the State Register of Geographical Names of Ukraine, update information on the names of geographical entities of Ukraine, taking into account significant changes in the administrative and territorial structure of Ukraine, and rename geographical entities that took place in accordance with the laws adopted in 2023, namely:

The Law of Ukraine dated March 21, 2023 "On Condemnation and Prohibition of Propaganda of Russian Imperial Policy in Ukraine and Decolonization of Toponymy". In 2023-2024, there was a massive renaming of place names of settlements (mainly streets, boulevards, alleys, avenues, squares, parks, embankments, bridges, subway stations, etc.);

The Law of Ukraine dated July 28, 2023 "On the Procedure for Resolving Certain Issues of the Administrative and Territorial Structure of Ukraine" defines the procedure for the formation, liquidation, establishment and change of the boundaries of administrative and territorial units, establishes procedures for classifying settlements as cities, towns, villages, naming and renaming settlements, establishing the boundaries of settlements, etc.

The State Register of Geographical Names contains about 105,500 names of settlements, administrative-territorial units, physical-geographical and socio-economic objects, and objects of the nature reserve fund of Ukraine.

In 2024, the second part of the State Register of Geographical Names of Ukraine was completed, containing 80 000 standardized names of geographical objects of other countries used in Ukraine.

Current information of the State Register of Geographical Names of Ukraine on the names of geographical objects of Ukraine is published annually on the official website of

		the StateGeoCadastre at the link: <a href="https://land.gov.ua/derzhavnyi-reiestr-heohrafichnykh-nezy/">https://land.gov.ua/derzhavnyi-reiestr-heohrafichnykh-nezy/</a>
С	National and international meetings, conferences, symposiums, publicity and publications - date of the meeting - name of the meeting - place of the meeting - main theme - useful information from the meeting - in case of publications, guidelines: how often are they issued, what is the content of these publications - publicity: articles in international professional magazines, publication of own professional magazines.	The representatives of the StateGeoCadastre took part in such events: Geospatial World Forum 2023 (Rotterdam, the Kingdom of the Netherlands, May 2-5, 2023); 19th General Assembly of the International Cartographic Association and the 31st International Cartographic Conference (Cape Town, South Africa, August 13-18, 2023); 28th meeting of the Eastern and Central Europe and South-Eastern Europe Division of the United Nations Group of Experts on Geographical Names (UNGEGN), online (Prague, Czech Republic, May 16, 2024); 23rd Meeting of the Baltic Division of the United Nations Group of Experts on Geographical Names (Vilnius, Republic of Lithuania, October 2-3, 2024).
D	Measures taken and proposed to implement United Nations resolutions on the standardization of geographical names, including the economic and social benefits  Information, recommendations, guidelines in legislative, control management.	Without changes.  The United Nations resolutions are implemented in the legislative and regulatory sphere of activities related to geographical names and in the process of standardization of geographical names.
